## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

DATE: 20/08/2022

The Department of Electrical & Electronics Engineering conducted an Online Webinar on “Design Thinking and Patent Filing” on August 20th, 2022. Faculty and Students of our institution have participated in this program. Prof. K. Siva Rama Krishna, Principal and Prof. J. Vijaya Kumar, HOD, EEE Dept., had presided over the program. Dr. S. Vijay Bhaskar, Associate Professor, EEE Dept, welcomed the participants and Resource Person Dr. Kasa Sudheer, Prof & HOD EEE Dept, S.V. Engineering College. He Shared the information regarding the research, Intellectual Property Rights, Design thinking and how to file the patents, rules and regulations very much effectively. Almost 23 Faculty and 120 students attended the session. Finally feedback was collected from the participants and Mrs. T.V. Subhashini, Assistant Professor, EEE Dept Presented the vote of thanks.

### **DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING**

Date: 30/08/2022

#### **Report on Webinar on “Research Methodology”**

**Name of the Topic :** Research Paper and Research project

**Speaker:** Dr. Chandra Kumar Bharani Pakki,  
Professor, Dept. of EE&C  
GITAM University, Visakhapatnam

**Date and Time of Webinar:** 29-08-2022 , 6:00PM

#### **Objectives of Webinar:**

The objective of the Guest Lecture was to understand the primary purpose of an academic research paper writing and ways to get started with the writing process. The Lecture also helped to understand barriers associated with writing a research paper.

#### **Outcomes of Webinar:**

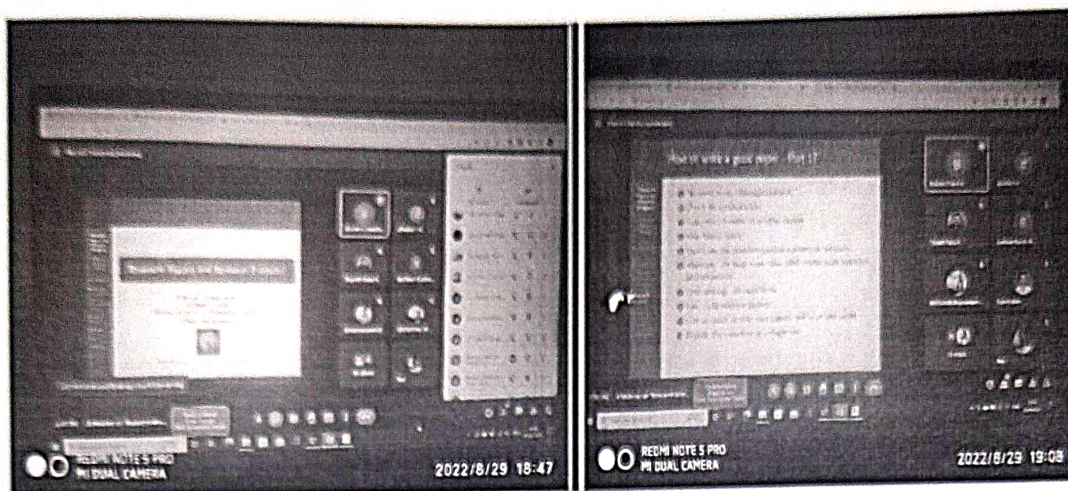

The webinar gives the exposure to the faculty (mainly to the faculty pursuing PhD.) on how to start writing a Paper of our work and how efficiently to present it and also about the funding agencies for the paper publications.

The webinar also gave information on how to select a research project and to write it. It also gave exposure to how to submit it to get patent.

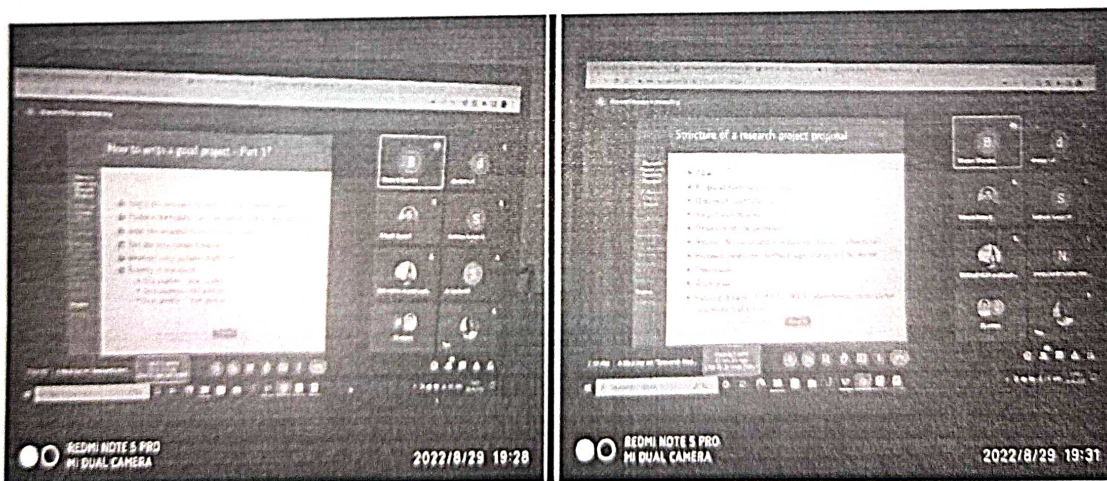

#### **Report:**

Dr. Chandra Kumar Bharani Pakki, Professor, Dept. of EE&C, GITAM University was the learned professor for the session. He said that for a quality research it is very important to have the highest standards of integrity, impartiality and respect for data. In the beginning, the speaker discussed each & every step to write a paper in a very simple manner. He also discussed about plagiarism and gave information about the software used to detect plagiarism. The session included guidance on systematic approach towards writing a research paper,

exploring and identifying problems and difference between research article, review article, full format paper, and short format paper.

Later the session was followed with “How to Write Research/Project Proposal”. It aimed at acquainting the faculty with the drafting of research / project proposals by highlighting ethics, theories and technicalities. It aimed at enhancing the knowledge about effective and comprehensive research proposal. The session emphasized above all, on interdisciplinary approach towards research. The session was followed by Question and Answer round; queries of faculty members were answered by our speaker.

Dr. J Vijay Kumar Prof. and HOD of EEE, delivered an Opening Remark, he highlighted the importance and relevance of the topic in the current scenario. Mrs. D Sri Lakshmi, Asst. Prof. EEE concluded the session, where she briefly

reviewed some of the main points of the session, she also proposed vote of thanks to our distinguished speakers and participants. All the Faculty members found this program very educative and informative. 22 Faculty Members and 38 interested students has participated in the guest lecture.

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

DATE: 29/08/2022

The Department of Electrical & Electronics Engineering conducted an Offline Guest lecture on “Intellectual Property Rights” on August 29th, 2022. Faculty and Students of our institution have participated in this program. Prof. K. Siva Rama Krishna, Principal and Prof. J. Vijaya Kumar, HOD, EEE Dept., had presided over the program. Mrs. T.V. Subhashini, Assistant Professor, EEE Dept, welcomed the participants and Resource Person Mr. M. Hemanth Kumar, Shriyan Engineering Associates, [www.shriyanassociates.com](http://www.shriyanassociates.com). He Shared the information about Intellectual Property Rights very well. Almost 66 students attended the session. Finally feedback was collected from the participants and Mrs. T.V. Subhashini, Assistant Professor, EEE Dept Presented the vote of thanks.

### **DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING**

Date: 30/08/2022

#### **Report on Webinar on “Research Methodology”**

**Name of the Topic : SMART GRIDS AND RENEWABLE ENERGY”**

**Speaker: Dr. P E S N Krishna Prasad,  
HOD, CSE, ANITS**

**Date and Time of Webinar: 29-08-2022, 9:30AM**

#### **Objectives of Webinar:**

The objective of Guest lecture is to give research prospective on electrical engineering by using various technologies like machine learning, Internet of things etc.

#### **Outcomes of Webinar:**

The webinar gives the exposure to the faculty (mainly to the faculty pursuing PhD.) on develop new optimization techniques to overcome such optimization difficulties. He also discussed about increasing complexity of the existing power grid due to rapid population growth, development in technology, infrastructure and computational tools contributing to the need of deployment of smart grid for secure and efficient use of electrical energy

#### **Report:**

Dr. P E S N Krishna Prasad addressed how to acquire the data through smart grids using various software technologies such as IEEE802.11, IEEE802.15.4, ZigBee and Radio frequency, Power Line Communication and to analyse through computation and optimization methods.

He also addresses how more research is going in design and development of electric bikes and also how the software technologies are applicable in design. He also exposed his knowledge on how smart grids are centralized with various renewable energies like solar and wind energy.

He also explained a method, the General Algebraic Modeling System (GAMS) which is a high-level modeling system for mathematical optimization. GAMS is designed for modeling and solving linear, nonlinear, and mixed-integer optimization problems.

## Impact Analysis

Event Name: Design What You Think

Date: - 27<sup>th</sup> August 2022

Venue: - Sales Force Lab (IT Department)

After the end of the activity, the students will have the option to enhance their skills in Design What they Think on the given topic "Engineers Day" in order to improve the Visual presentation using HTML, CSS, and Java Script or any another online tools to design Web Pages. This will take place after the activity has come to a close. We want all of the guests to understand that they should not be scared to showcase their skills and research the topics that interest them when they are participating in the event. This is the most crucial point that we want to convey to them.

Department of Information Technology organized a Seminar on "Intellectual property Rights: Introduction to Patent Practice" on 27<sup>th</sup> August 2022 from 10:00 AM-12:00 PM in Online Mode. The resource person is Mr.P.Dileep Kumar, Program Manager, India Patent Office Practice & Counsel, Bangalore . The seminar was attended by 102 Faculty and Student members of the Information Technology Department. The Speaker was heartily welcomed by Dr. SatishKumar Patnala, Assistant Professor of the Information Technology Department. The Speaker started her lecture with What is an Intellectual property, what is a patent, conditions of patentability, the contents of a patent specification, example of patents, the difference between an inventor and a applicant, the patent process flow in an INDIA, what is claiming priority. Also discussed some common mistakes by the applicants and inventors while applying for patents, and career opportunities for engineers and science graduates. The Head of the Department, Prof. P.Padmaja thanked the resource person for his presentation and thanked for spending his valuable time to guide the young researchers and wished everyone to succeed in their research. The vote of thanks was given by Dr. Dr.SatishKumar Patnala, Assistant Professor of Information Technology Department by mentioning the keynote points of all the Resource Person.

## **Workshop on “ROBOTICS PROCESS AUTOMATION TOOLS” on 26th and 27th August, 2022**

**Objective:** The main theme of this workshop is to bring an awareness on **ROBOTICS PROCESS AUTOMATION TOOLS**

She started the session by introduction about RPA tools like Automation Anywhere, Blueprism and UiPath. She also helping students to download the Automation Anywhere tool. She clearly instructed the students step by step on how to download the software, install it and run it and even displayed the whole process with a sample video.

After installation, she discussed what RPA means by questioning and making students to think and understand the concept in easy way.

Then, students got to know different tools that are available via using RPA software .After installation she started doing first Hello world program in RPA tool.

Demonstrating the different variables and actions that he went through each stage and guided on how to use different tools and options to get a desired output with a sample inputs.

Then , she explained about how to create bots for sending emails, invoices ,messages and simple calculation process etc.

The workshop ended up with great information provided by the speaker. Numerous students and members demonstrated enthusiasm for the practical guidance session to deep dive and explore into new areas.

**Dates:** 26th and 27th August,2022

**Time:** 09:00 AM- 03:30 PM

**Participants Count:** 150

### **Prerequisites:**

- Before proceeding with this workshop you should have a basic understanding of Robotic Process Automation tools.You should also have some knowledge on AUTOMATION ANYWHERE, UiPath and blueprisim.
- Laptop with a good internet connection is much appreciated.

### **Outcomes Of the Course:**

- Master the latest AUTOMATION ANYWHERE tools for a professional business environment.
- Quickly create interactive bot using RPA tool.
- Make a resume in RPA tools.
- Learn about certifications in RPA tools(Associate & Professional)
- Be ready to grab opportunities from industry.

### **Instructor Details:**

**Name:** Miss.Daruru Soumya Chowdary

**Designation:**Analyst Data Systems and Automation,GlobalFoundries, Bangalore

### **Profile:**

Miss. Daruru Soumya Chowdary was born in Chittoor. She acquired her Bachelors degree from Sri Venkateswara College of Engineering , affiliated to Jawaharlal Nehru Technological University, Anantapur in the field of Computer Science and Engineering.

Her current work is to develop and deliver automations in the position of Analyst Data Systems and Automation. She is a Robotic Process Automation expert. She has delivered 30+ automations.Miss. Soumya has delivered technical talks at IEEE and many webinars on Robotic Process Automation.

She is a resource person for AICTE and ATAL sponsored Faculty Development Program. Miss. Soumya is a member of University Innovation Fellows.

A program of Stanford University's d.school, created as part of the National Center for Engineering Pathways to Innovation. She trained faculty and students in Design Thinking and also facilitated workshops and webinars for the same.

Miss. Soumya believes that Artificial Intelligence is a field of magic. It's the closest magic that a human being can access. She is a professional in Data Science and Machine Learning. Her curiosity lies in the fields VR & XR, Deep Learning and Computer Vision.

She is also Awarded as the

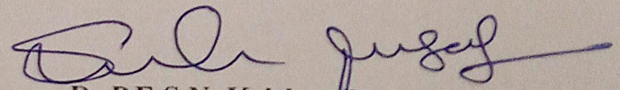

- She was honoured with a Spotlight award for her expertise.
- She also secured an award in Automation Anywhere Botathon 2021.

**Objective of the Seminar:**

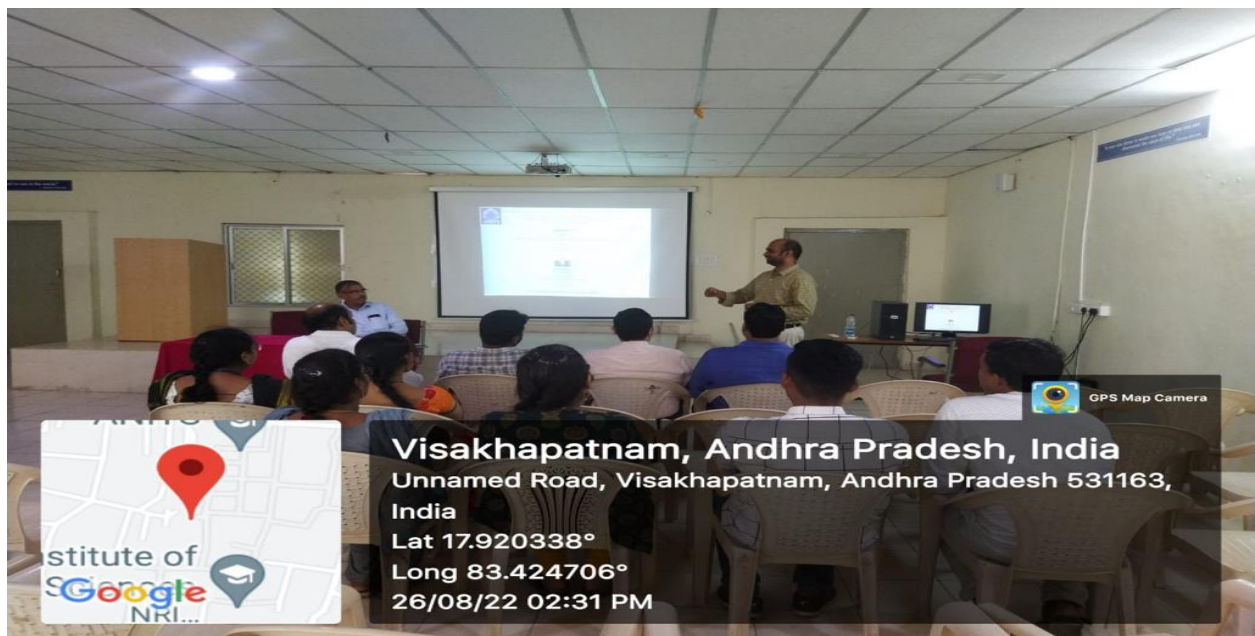

The objective of seminar is to encourage the faculty members to apply for Patents.

**Summary of seminar**

On 26<sup>th</sup> August 2022, at 02:00 PM, all the faculty members of civil engineering department were gathered at seminar hall (H-Block).

Dr. V R Lenin had explained about Patent background process, prior art, problem-solution-statement Later he had given presentation on classification of patents. The seminar had continued till 03:00 PM.

Patent is an intellectual property right, to make, use or sell an invention for a limited period of 15 years. A Patent is granted to an entity on disclosing a technical invention, which may be a product (system/apparatus/device) or process (method/manufacturing) or both, which is novel or new and demonstrate inventive step or technological advancement over the existing technologies.

**Conclusion:**

All Faculty members familiarised with types of patents, patent process. They got knowledge regarding how to apply patents and get granted within a stipulated period of time.

Department of Information Technology organized a Seminar on “Research Methodology-Problem Definition and Formation” on 24th August 2022 from 2:00 PM-3:00 PM in Online Mode. The resource person is Professor Dr.G.Jaya Suma in Dept. Of IT, JNTU-GV, Vijayanagaram. The seminar was attended by 53 Faculty and Student members of the Information Technology Department. The Speaker was heartily welcomed by D.Chandrika, Assistant Professor of the Information Technology Department. The Speaker started his lecture with a well-known quotes, on Research. She initiated what Research is, followed by the purpose of doing Research and its role. How to identify a Research Problem, i.e., Domain area, Sub topics, problems existing and problems unidentified in that topic. Mentioned the sample questions for identifying the research problem. Criteria for developing a research problem like Identifying broad area, narrow down to topic of your interest followed by the single statement what you are working. She has given few examples to identify the research problem. Later she mentioned “Data is a fuel for the Research”. For collecting data steps also addressed. There is no substitute for hard work. There is no shortcut to success”. She has explained with many examples of the each phase. Finally she concluded that the Problem Definition and formation must be very clear. The Head of the Department, Prof. P.Padmaja thanked mam for her presentation and thanked for her spending her valuable time to guide the young budding researchers and wished everyone to succeed in their research with flying colors. The vote of thanks was given D.Chandrika, Assistant Professor of Information Technology Department by mentioning the keynote points of all the Resource Person.

Time:3:00PM-4:00PM

Number of Participants:23

Department of Information Technology organized a Seminar on “Research Methodology-Basic Concepts” on 20th August 2022 from 3:00 PM-4:00 PM in Online Mode. The resource person is Professor Dr.Venkateswara Rao Gurrula in Dept. Of IT, GITAM University, Visakhapatnam. The seminar was attended by 23 Faculty members of the Information Technology Department. The Speaker was heartily welcomed by D.Chandrika, Assistant Professor of the Information Technology Department. The Speaker started his lecture with a well-known quote, “Sky is the Limit,” for any Research. He initiated what Research is, followed by the purpose of doing Research and its role. How many types of Research are available, i.e., Applied Research and Basic Research, Quantitative Research, Qualitative Research, Conceptual Research, and Empirical Research? After making familiar with the types of Research. Sir enlightened with the well know “Ten Step formula for working on the Research Phases” followed by how to formulate the Research Problem then how to select a Research Problem in this sir mainly focused what are the significant problems generally a researcher faces like lack of understanding the sources of problems, lack of planning, etc., Finally, sir has made us aware of Publications like which journals we need to prefer, etc., followed by thesis writing and, most importantly, the Research Ethics and Plagiarism. Sir ended his speech with his favorite quote,” There is no substitute for hard work. There is no shortcut to success”. After sir talked, The Head of the Department, Prof. P.Padmaja thanked sir for his presence and his lecture and spending time to share his knowledge with young budding Researchers. The vote of thanks was given D.Chandrika, Assistant Professor of Information Technology Department by mentioning the keynote points of all the Resource Person.

## Report

### Seminar on 'Research Methodology'

**Title of the Seminar:** Research Methodology

**Details of Speaker (Industry):**

Dr. J.Vijay Kumar, Professor,  
Electrical & Electronics Engineering, ANITS  
Phone no: 9290852689

**Faculty Coordinators**

1. Mr. Dr.J.Vikranth  
Associate Professor  
Dept. of Civil Engg.  
ANITS

**Objective of the Seminar:**

The objective of seminar is to encourage the faculty members pursuing Ph.D in order to gain knowledge in research and publications.

#### **Summary of seminar**

On 6<sup>th</sup> August 2022, at 11:30 AM, all the faculty members of civil engineering department were gathered at seminar hall (H-Block).

Dr. J.Vijay Kumar had explained the basic principles of research methodology. Later he had given presentation on steps involved and their significance in research methodology. The seminar had continued till 01:00 PM.

Research methodology simply refers to the practical “how” of any given piece of research. More specifically, it’s about how a researcher systematically designs a study to ensure valid and reliable results that address the research aims and objectives.

For example, how did the researcher go about deciding:

- What data to collect (and what data to ignore)
- Who to collect it from (in research, this is called “sampling design”)
- How to collect it (this is called “data collection methods”)
- How to analyse it (this is called “data analysis methods”)

### Conclusion:

Faculty members had gained knowledge on principles and steps involved in research methodology. They got knowledge regarding initiation and completion of research work within the stipulated period of time along with high quality publications.

### A REPORT ON ONE DAY SKILL DEVELOPMENT PROGRAM ON

### “FPGA PROGRAMMING AND PROTOTYPING”

A One day skill development workshop on FPGA programming and Prototyping is conducted on 22<sup>nd</sup> of July 2022 for the benefit of faculty by the Dept.of ECE, ANITS.

The resource person for the session was Mr. Pradeep, Senior Engineer from ApplyVolt Ltd.

The resource person of the day, Mr Pradeep, demonstrated the programming of FPGA using Xilinx Vivado. The faculty members attended the session have gained the knowledge of working with XILINX FPGA boards. Mr. Pradeep further explained how to interface with the built in processor and the libraries of the controller. The camera interfacing through ARM processor is also explored in the session. The knowledge gained is useful for guiding the UG projects in VLSI architecture domain.

Dr. K. V. G Srinivas, ended the session with a pleasant vote of thanks.

Report Prepared by Dr. S. Srinivas.

We are planning to organize A one week Skill Development Programme on "Problem Solving skills using C" for 2<sup>nd</sup> year Mechanical Engineering lateral entry students. This Skill Development Programme is planned to be organized in collaboration with **DATAPRO, Visakhapatnam** from 07<sup>th</sup> to 13<sup>th</sup> April, 2022. Further, this will immensely benefit the lateral entry students as they do not go through a course on C programming in their diploma studies.

The total number of lateral entry students who are willing to attend the Skill Development Programme is around 78. Kindly grant the permission for organizing the Skill Development Programme.

Respected Madam,

Sub: Approval for conducting "A Technical staff Training Programme on IOT KITS" - Reg

This training session is a very good opportunity to get awareness on the kits of IOT. We the department of IT introduced the new lab IOT to the students, so that this training session may help to handle the lab sessions smoothly. Hands-on experience may get more confidence in clearing the doubts of students. so that I would like to request you to grant permission to conduct this training session to the technical staff of our department. ## Report Seminar on “Importance on Ethics on every sphere of Life ”

Date: 20-06-2022

Time:11:00Am-12:00Pm

Venue: Seminar Hall, Mechanical Department, ANITS

Number of Participants:179

Department of Information Technology organized a Seminar on “Importance on Ethics on every sphere of Life” on 20th June 2022 from 11:00 AM to 12:00 PM in F Block Auditorium. The speaker for the seminar Brahma Kumari Sister Madhuri. Sister Madhuri has been instrumental for inspiring and guiding people of various sections of the society. The session started with general talk with students. Later during the session Sister Madhuri motivated the students with the thought of realization about studies and clear the degree with flying colors. She addressed about Spirituality means lightness but not being carelessness this will take us to higher achievements. In life settling means not about fetching jobs in reputed companies settling means settle in mind with peace. She also mentioned about karma in terms of Newton’s 3<sup>rd</sup> Law. As Newton’s 3<sup>rd</sup> Law says “Every action has an equal and opposite reaction. But karma says “Every action has a higher reaction or equal reaction.” She has shared the incident about Mother Teresa how to serve people selflessly and how to behave with people down to earth even they are rude. Finally she insisted on doing right karma. Do your work with utmost responsibly. Think twice before you speak and do the things which is good for you as well as to the society. Finally she made everyone to do meditation for 3 minutes. Followed by Professor & HOD of IT Dr. P.Padmaja thanked her for her motivated session and adding a feather to the session she told students to think for a while when they woke up they should take few minutes to plan what they have to do during the day or how they utilized the day before going to bed and retrospect themselves about the talking or doings of the day whether they have done right or wrong. The vote of thanks by mentioning the key note points of the speaker.

### Report on "Insight into Intellectual Property Rights"

Anil Neerukonda Institute of Technology and Sciences, Department of Mechanical Engineering organized a oneday workshop held on 14-06-2022, titled "Insight into Intellectual Property Rights". It was well-received by around 50 participants from students and faculties.

The programme was inaugurated by Prof. B. Nagaraju, Head of the Mechanical Department, ANITS and had addressed the gathering at the event with a warm welcome to all the attendees, talked about how important it is for everyone to be aware of the IPR also introduced the speakers.

Then the morning session was taken over by the guest speaker Prof. K. Siva Prasad, who is Professor in Department of Mechanical Engineering, ANITS. He is a well experienced professor, have received a research grant project fund from central funding agency, having many research scholars working under his guidance, published many Journal and conference papers in his credits. He said that IPR sought to protect intangible creations of the human intellect which are beneficial to the society. We have to protect intellectual property and it cannot be done in a manner we generally adopt for physical property.

The afternoon session was taken over by Dr. Lenin V R, Assistant Professor, ANITS. He has over 15 years of teaching and industrial experience, having 2 patent (one international grant and one Indian published), 2 book chapters, 1 book editor, delivered 5+ invited lectures, published more than 35 publications in reputed journals and conferences in his credit. He has highlighted the importance of documenting ideas properly and patenting it, he said that in the coming years the country will be known for its scientific creations in different fields ranging from agriculture to space research. "Protection for their intellectual property will be an encouragement to budding scientists to come out with more innovations and inventions," he added.

Both the session was extremely interactive session, boosted the confidence of all the attendees with their interactive presentation and encouraged them all to believe in themselves. This event has ended with a question-and-answer session. This event was a huge success with around 50 participants.

### Introduction

- > In this days the necessity of advanced medical care was increased. People has become more dependent on Doctors and medical equipment was increasing day by day.
- > There are several types of arrhythmia including atrial fibrillation, premature contraction, ventricular fibrillation, and tachycardia. Although single arrhythmia heartbeat may not have a serious impact on life, continuous arrhythmia beats can result in fatal circumstances. For example, prolonged premature ventricular contraction (PVCs) beats occasionally turn into a ventricular tachycardia (VT) or ventricular fibrillation (VF) beats which can immediately lead to heart failure.

### **National Conference on Applications of IoT and Deep Learning**

#### **Summary Report**

NCAID\_2k22 received huge applaud from teaching fraternity and students. About 120 students participated in the conference from different places of the Nation. The places include Goa, Bangalore Manglore, Guntur, Hyderabad, Amalapuram , Kakinada etc.

The conference is organised for 2 days in association with ISTE. The first day had a good start with the Inaugural function with the key note address of Prof.P.Radha Krishna, Dept of CSE,NIT Warangal. Session -1 started in the afternoon with session-2 and 3 continued for the next two days followed by the valedictory. The participants actively participated in presenting the papers and interacted with the session chairs.

## **Impact analysis**

The participants gain the knowledge of applying the concepts of engineering and mathematics to solve real life problems. They learn how to identify, analyse, formulate a problem and design a solution to the problem through review literature. Using modern tools or programming language implement the found solution and conduct investigations on the result to decide how far the methodology can satisfy the expected outcome. In this process the participants learn communication skills, project management, time management and life skills like ethics and team management. This conference attains all the program outcomes and PSO-2.

### DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING BUSINESS COMBAT EVENT REPORT

Three-day BUSINESS COMBAT (COGNITIVE BRAIN-STORM) event from 07.04.2022 &  
09.04.2022

Academic Year: 2021-2022

#### Circular:

The following poster was circulated among all the students.

The poster is for the 'TACHYON 2K22 Business Combat' event. It features a dark blue background with a starry pattern. At the top left is the ANITS logo, and at the top right is the GATEPRO logo. The text provides details about the institute's accreditation and the event's structure. The event is divided into three rounds: 'THE BIZ QUIZ' (Round 1), 'What If?' (Round 2), and 'SHARK TANK' (Round 3). Prizes are listed for each round, and a 'Register now' button is prominently displayed. Contact information for the convenor, co-convenor, and faculty coordinator is provided at the bottom.

## **Summary of the Event:**

Business Combat is a 3-day event that was conducted on 7th, 8th and 9th of April, 2022 consisting 3 rounds. The main objective of the event was to bring out the entrepreneurship spirit in students and create a co-creational space to ideate and work on their ideas.

Prof Dr. V. Rajyalakshmi, HOD/ECE inaugurated the session and asked the feedback in the end of the session. Students were given their valuable feedback orally.

Round 1, "The Biz Quiz", was based on a quiz related to business, ideation, startups & finance. 22 teams participated in the first round; it was conducted in online mode through Google forms.

Round 2, "What If? Sherlock Holmes is a businessman", was based on problem statements. The participants were given problem statements revolving around the problems/situations faced by certain companies or existing issues being faced by a multitude of startups. The jury for Round 2 was Mr. Alok Maheshwari, Co-founder, Vizag Startups. Out of 22 teams, 16 teams were shortlisted.

Round 3, "Shark Tank", was based on ideation and the participants were given the space to work on their ideas and come up with a unique solution and a detailed plan of action. The jury for Round 3 were Mr. M. Krishna Sai, Co-founder, COO, Connetin and Mr. Haresh Bharadwaj, Co-founder, CTO, Connetin. Out of 16 teams, 3 teams were winners and cash prizes were awarded accordingly.

Sir,

**Subject: Request for a guest lecture on the eve of National Science day-Reg.**

At the outset, please accept my warmest greetings. The Department of Mechanical Engineering, ANITS, celebrate "National Science day" by generally organizing guest lectures/ Workshops utilizing the technical expertise of well-acclaimed persons in the field of sciences/Engineering and Technology. As you are aware we are presently in the midst of Covid pandemic, which has gravely affected our lives. Hence we are constrained from organizing such programs in offline mode.

However we earnestly request you to accept our invitation to be the guest and keynote speaker for a lecture on the topic " CFD - Fundamentals and Industrial Applications", which will be organized in the virtual mode on the occasion of National Science day (28<sup>th</sup> Feb 2022).

We will be very honoured and gratified if you could kindly accept our invitation. Our faculty and students will be immensely benefited through this lecture, as you would share your knowledge on this chosen critical topic.

Sangivalasa-531162.

Sir,

**Subject: Request for honorarium -Reg.**

As you are aware, We have arranged a guest lecture by **Dr H N Das** , Scientist-G, NSTL on the eve of National Science day (28<sup>th</sup> Feb 2022). The topic of guest lecture is "CFD- Fundamentals and Industrial Applications".

We request you to kindly release the honorarium as per college norms.

Acct,

Rs 5000 may be

released as honorarium

## Report of Guest lecture on "CFD - Fundamentals & Industrial Applications"

Computational fluid dynamics is an advanced subject which has numerous applications. A lecture was organized on this topic utilizing the services of an exponent in this field. At the outset, the speaker presented the fundamental concepts embedded in CFD. HE followed it up with a presentation on applications of CFD in various fields like flow through ducts, external flows over structures, automobiles, flow of plasma in blood vessels, micro flow analysis etc., He also spoke on the current research on this pertinent area.

**Idea Pitching & Project Expo Contest-** was organized by the department of Electronics and Communication Engineering (ECE)for the Students of ANITS. About 44 teams registered out of which 39 teams were participated and gained practical experience. Dr.S.Srinivas, Associate Professor/ECE, Mr.D.Anil Prasad, Assistant Professor/ECE, Mr.L.Dinesh,Assistant Professor/EEE acted as a jury for this event. Finally two teams selected as winner and runner up title

Prof Dr. RajaRao, HOD/EEE was inaugurated the project -expo and asked the feedback in the end of the session. Students were given their valuable feedback orally. This event was coordinated by Mr N. Ram Kumar, IIC Innovation Ambassador and faculties of ECE,ANITS

### Report on one-day Research methodology seminar

Title: **Publishing Quality Manuscripts in Peer Reviewed Journals**

Resource Person: **Dr. S.K. Behera, Professor, School of Chemical Engineering, VIT-Vellore**

Date: **25.02.2022**

Mode: **Online**

IQAC in collaboration with Department of Chemical Engineering organised one day seminar/interactive session for Faculty of ANITS on publishing papers with the following objectives:

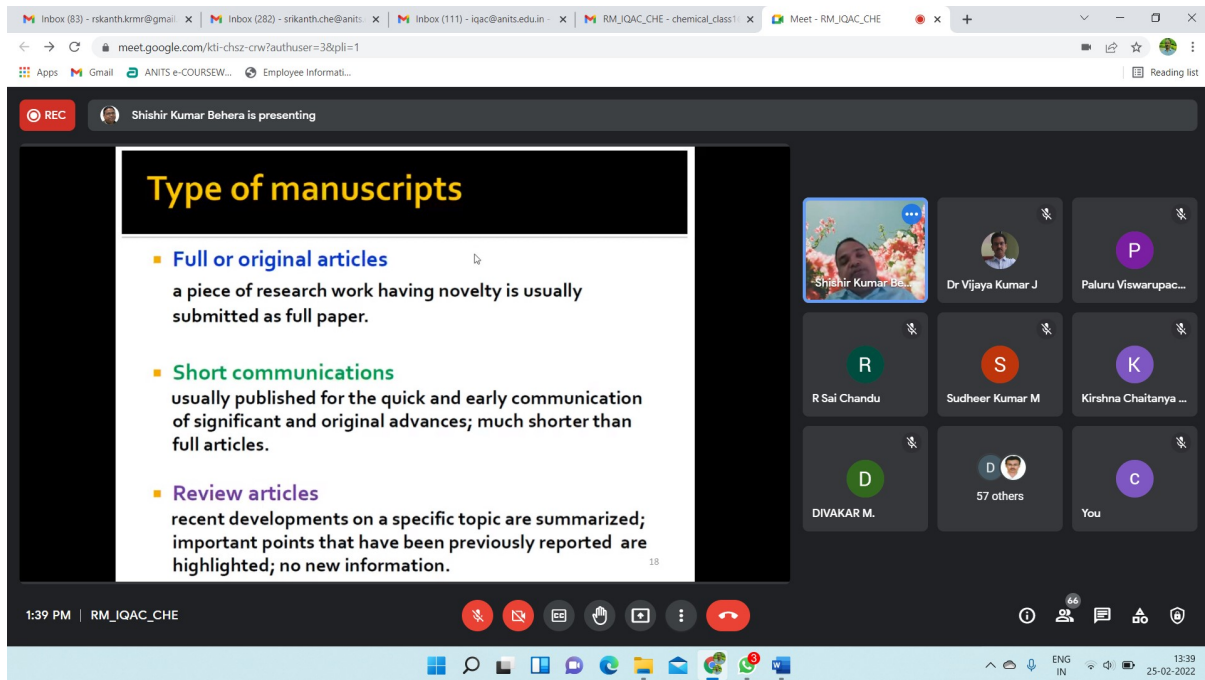

1. **To improve the capability of faculty to write good scientific/research papers**
2. **To highlight the importance of writing of scientific/research papers**

**Figure-1: Online screenshot of the presentation**

Dr. Behera in his talk has demonstrated the need for research paper writing. He has given the different types of research papers, identification of good quality journals of the faculty

domine. He has also given the structure of the good research paper, dos and don'ts in the frame work check list to be followed etc.

**Figure-2: Explaining the different types of research articles**

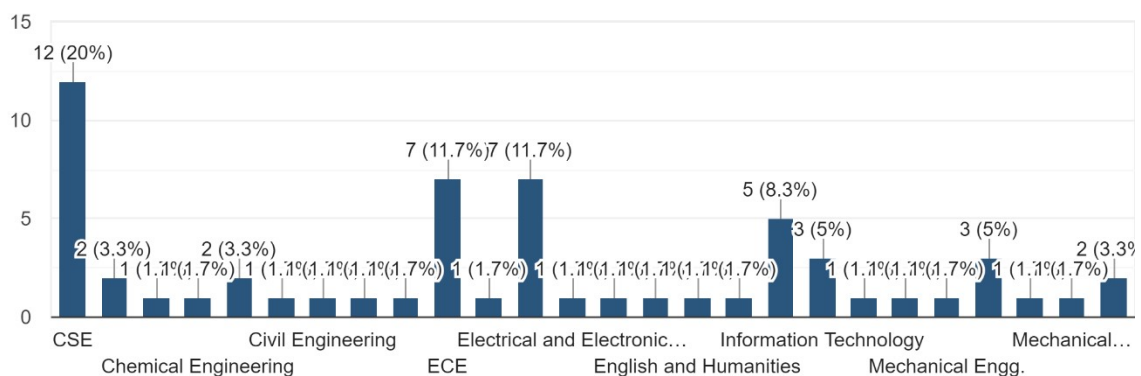

He has given the tips to present the data in various formats, attractive way to represent graphs, avoid the errors etc. He emphasized the common mistakes that faculty are doing and asked the faculty to overcome while writing the paper.

Around the 100 faculty members across the college has participated in the seminar and 60 faculty have given their feedback.

The following are the outcome of the feedback:

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

As a part of IIC self-driven activity, ANITS Institute’s Innovation Council in Association with Department of Computer Science Engineering conducted “Design Thinking Workshop” on 19/02/2022. All the II/IV, B.Tech Students of CSE Department have participated in this program. Dr. R. Sivaranjani, HoD had presided over the program. B. Madhuri, Student of II/IV CSE- B section welcomed the participants and Resource Person Dr. Ravi Shankar Saripalle, Director, Centre for Innovation and Incubation and Adviser, Center for Career Planning, Gayatri Vidya Parishad College of Engineering (Autonomous). Dr. Ravi Shankar Saripalle shared different real time stories held recent years where Design Thinking plays a major role. He explained the importance of the human centric designs in Computer science and technology field. He took a case study and explained how to apply Design Thinking to solve the real time problems. After completion of the session Head of the CSE Department presented a memento to the resource person as token of gratitude. Finally N. Lokeswari, Assistant Professor presented the vote of thanks.

## “STUDENTS AS DYNAMIC LEADERS – PROFESSIONAL & ETHICAL VALUES”

### Online GUEST LECTURE BY SRI. V. V. LAKSHMI NARAYANA GARU

The Department of Mechanical Engineering, Anil Neerukonda Institute of Technology and Sciences organized an online guest lecture by V.V. Lakshminarayana. V.V. Lakshminarayana Garu, well known as JD Lakshminarayana Retired police officer, and Politician delivered an online Seminar on “The Oration on Student as Dynamic Leaders Professional and Ethical Values” to the students of Anil Neerukonda Institute of Technology and Sciences on 23<sup>rd</sup> January 2022, based on the occasion of the 125<sup>th</sup> Birth Anniversary of Netaji Subhash Chandra Bose “Parakram Divas”, Azad ka Amrit Mahotsav (75<sup>th</sup> Independence Day Celebrations). Prof T.V Hanumantha Rao(Principal, ANITS) and Prof. B. Nagaraju (HOD, Mechanical) welcomed him.

The event started with Nagaraju sir welcoming JD sir and Ch. Shreyesha started the event with her introduction and a ppt has been displayed about the JD sir, later our HOD Nagaraju sir delivered his speech, and then JD delivered his lecture motivating the students. The event has been conducted online in the google meeting where around 570 students along with the faculty joined. As the meet is restricted to only 250 the meeting has been live-streamed. Many others who were enthusiastic followed the lecture through the live stream.

The students who attended the lecture derived much benefit from the Lakshminarayana Sir's views about Students as Dynamic Leaders. He quoted the ANITS moto Pragnanam Brahma. It means Supreme knowledge is Brahma. He explained how a student should be and what does the student need to do to be a dynamic leader. As Sir is also from a mechanical background, he gave guidance and helped the students. His speech is all fact-based about how a student should be focussing and gave us many examples. His speech consisted of his life experiences; students as dynamic leaders ethical values of

The students are very much motivated by the words of the JD sir and wanted to interact with him. The UTOOCAN faculty coordinators G.Naresh, J.V. Bhanutej monitored as well as help the students in bridging the gap between the students and the JD sir. There is a Q and A session provided where the students who are studying in various years in the department of mechanical asked their curious questions, to which the JD sir answered patiently.

Due to the time factor, many students who were eager and energetic to interact couldn't get the chance to interact with the JD sir.

Students of other branches as well as the Alumni of the Mechanical department joined as well. The event has been conducted under the UTOOCAN student club of the Department. The planning and

execution have been done by M.Rohit, V.Vishnu, and all the members of the UTOOCAN club. Yashwanth Ippili, Alumni of the department helped the students in making the event a huge success. In the end vote of thanks has been delivered by K Karthik. All the students of the mechanical department, as well as other departments, gathered and were inspired by the words of the JD sir. Seeing the energetic students, JD sir himself told he would be visiting to interact once the Covid decreases.

#### Report on “Management skills and thinking power”

**Name of the Seminar :** Management skills and thinking power

**Speaker:** Mr. Kesava Krupa Das, Volunteer, ISKON

**Date and Time of Seminar:** December 24<sup>th</sup>, 2021 and 9:30AM to 12:00AM  
**Summary**

As a part of orientation program for first year students, a seminar is conducted on 24<sup>th</sup> December, 2021 by Department of Electrical and Electronics Engg. ANITS in association with AEEEA, ANITS.

Mr. Kesava krupa Das said the importance of soft skills is often undervalued as most people believe that only hard skills can help them achieve their goals. However, what they fail to understand is that a lack of soft skills may infect the entire organization where they work in future which may result in creating a negative environment and lower employee morale. He has given the Benefits of Soft Skills in the Workplace like boosts workplace productivity, reduced risks, More self-confidence, improves employee retention, improves office culture, greater agility.

Management skills boost your productivity and performance at work, which helps in achieving professional goals. It is a soft skill that increases your employability and gives you more control over your career path. These skills are essential to showcase that you will be a reliable employee.

Dr. G Raja Rao, Prof. and HOD of EEE, delivered an Opening Remark, he highlighted the importance and relevance of the topic in the current scenario. Mrs. D Sri Lakshmi, Asst. Prof. EEE concluded the session, where she briefly reviewed some of the main points of the session, she also proposed vote of thanks to our distinguished speakers and participants. All the Students found this program very educative and informative. Around 100 students has participated in the workshop.

### INDUCTION PROGRAM ON DAY 4 : 18/12/2021

#### Institution Innovation council(IIC)

#### Topic: Group Discussio related to Innovation/Entrepreneurship

Mrs.M.Navyasri, IIC coordinator from Dept of IT , introduced students on Institution Innovation Council (IIC) an Initiative of MHRD for selected Higher Education Institutes. Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). Students were explored on Entrepreneurship and shared some insights on start-up ideas. We divided total students into 8 batches, each batch contains 12 members, and one mentor (Student/Faculty) is allocated for each batch. We displayed a set of topics which are relevant to Entrepreneurship; among them each batch must select one topic and discuss it. The following are the topics listed:

- Should people invest in cryptocurrency
- Unemployment in India
- Hard Work vs Smart Work.
- Corruption in India.
- Impact of movies on youth.
- Online Education.
- Impact of technology
- Social media influencers – Impact on youth
- Is GST beneficial for common man
- android vs iOS
- which is more important creativity or knowledge
- Child labour
- Fake News – Impact on society

M.Rohith Kumar(IT180) Got the First prize on the topic “ which is more important creativity or knowledge”

## Report of Guest lecture on "Design and Development of Homing Systems"

A guest lecture was organized for a briefing on the latest technologies under development in defence systems. Homing is a guidance system that is adopted in air borne defence ammunition for hitting the target. The speaker possesses a wealth of research experience in this crucial area. He presented a detailed overview of the guidance systems available and the current research in this area. The students got benefitted by this lecture as it also addresses the electronics and communication part of the systems.

**A Report on 4-Day Online Workshop  
"Skill Development Programme on Design and Analysis of Go-Karts  
and E-Vehicles"**

Date: 12-15 Dec 2021

Mode: Virtual

The department has been steadfast in exploring new resource persons with high caliber and expertise who can share their technical knowledge with our students and transfer them into exemplary professionals. With this objective, the department could succeed in identifying an organization located in Thane which has enormous potential in training students in the ever expanding field of automobile design and fabrication subtleties. "IPRIME SKILL" is such an organization which belongs to the class of premier training institutions. Their services have been utilized by prestigious institutes, some of them being IITs and NITs.

The services of IPRIME SKILL was opted employed in organizing a 4-day workshop on the theme "**Online skill Development Programme on Design and Analysis of Go-karts and e-vehicles**". The resource person Mr. Vinay Pathak was very narrative and knowledgeable with a rich experience in the field of Automobile mechanics. His approach in explaining the nuances of automobiles was very skillful and magnificent. The students were immensely absorbed in his erudite lectures. The workshop covered a wide range of topics both extensively and intensively which are enumerated below..

**Day 1: Basics of Automobile and chassis Design**

**Day 2: Automobile Braking system - Design and Dynamics**

**Day 3: Steering system and power train design**

**Day 4: Aerodynamics Design for Go-Kart.**

The intrinsic concepts in the design of E-VEHICLES and GO-KART were laid threadbare with consummate ease. Though the workshop was held virtually due to pandemic, the students displayed unparalleled interest in assimilating the information on automobiles.

The resource person also delivered a comprehensive lecture on the design philosophy of both GO-KART and E-KART with a special emphasis on the fundamentals. This inclusive methodology has paid rich dividends as the students were benefited to the core.

The students' eagerness for knowledge in the automobile field has been satiated to the extent possible through this workshop. This programme will certainly be very useful for the students who have embarked on fabricating Go-kart and E-kart.

The feedback was collected from the students on the final day and analysed. The analysis report is also enclosed. The average rating of the audience for each criteria is indicated in the report. Considering holistically the report reflects that the program was a huge success.

## **EVENT DETAILS**

### **Event Name: BUILD YOUR OWN BLOG**

Blog can be defined as a website that contains online personal reflections, comments, and often hyperlinks, videos, and photographs provided by the writer.

Blog description or Meta description is a short piece of text which is visible under the blog homepage link that specifies what your blog is all about.

It is the most useful and relevant information for every visitor when your blog is listed in the Google SERP.

By just looking at the description of the blog one should be able to understand what kind of blog it is and how it is going to help them.

The participant has to create a page using HTML and CSS tags mainly text formatting and image formatting tags and also basic tags like div ,p etc. They can use any kind of image and content in those pages within given time.

#### **Report on Skill Development on “Internet of Things”**

**Name of the workshop : Internet of Things**

**Speaker:** Mr K Pramodh Kumar, CEO, I & T Labs,

**Date and Time of Webinar: December 1<sup>st</sup> and 2<sup>nd</sup>, 2021**

#### **Objectives of workshop:**

The objective of the workshop is to explore the state-of- art technologies in the area of Internet of Things (IoT) through a series of lectures delivered by eminent person working in this field and to provide some hands on experiences in setting up IoT platform with open source software's.

#### **Outcomes of Webinar:**

In this workshop, the students has exposure to learning and knowledge of IoT which will lead to a couple of IoT based project that will provide an insight and complete idea how to connect smart device microcontroller, how to write the code and how to send information over internet using IoT gateway/ Wi-Fi module , how to upload and control from remote areas.

#### **Report:**

On 1<sup>st</sup> and 2<sup>nd</sup> December, 2021, Department of Electrical and Electronics Engg. ANITS has conducted a workshop on future topic IoT. It is associated with AEEEEA association, ANITS. The main headlights of the workshop are:

The speaker discussed real life use cases on IoT application and makes the session really interactive by providing an opportunity to suggest a solution to real life scenario and also has been include IoT demo applications with raspberry Pi board. Day ended with the demonstration of live project such as temperature monitoring. The students are exposed to interfacing different types of sensors with Arduino. Using Arduino with data base, different programming steps have been discussed (function, statement , control statement levels variables, math, pin mode,

serial mode, digital mode variable, delay and for loop ), Interfacing and controlling various devices like LED, motors, sensors etc with Arduino. Four examples have been taken as a hands-on such as LED glow, Switch sensing, Temperature display, small motor controlling.

Dr. G Raja Rao, Prof. and HOD of EEE, delivered an Opening Remark, he highlighted the importance and relevance of the topic in the current scenario. Mrs. D Sri Lakshmi, Asst. Prof. EEE concluded the session, where she briefly reviewed some of the main points of the session, she also proposed vote of thanks to our distinguished speakers and participants. All the Students found this program very educative and informative. Around 108 interested students has participated in the workshop.

Invitation from ENTREPRENEURSHIP CLUB

Dear Madam,

We are very happy with our 1st event organized by  
entrepreneurship club. The event - THE PERSONALITY GAME is  
an activity for an aspiring entrepreneurs.

The venue is at Salesforce lab on 27th NOV, 2021 from  
1.00 pm-2.30 pm.

We have good number of students enrolled from different  
departments to participate in the competition

We are happy to invite you on behalf of our Entrepreneurship  
Club. It will be a pleasure to us to have you in our jury and I hope  
you would accept our invitation.

With regards,

**SUMMARY REPORT**

**EVENT-1 (The Personality Game)**

No. of Participants: 38 members

Event date: 27-11-2021

Event time: 1:00p.m – 3:00p.m

Event venue: Sales Force Lab

Event Judge: Asst. prof. Pandit Samuel

Summary,

The ENTREPRENEURSHIP CLUB organized an event – THE PERSONALITY GAME which was a team activity. Each team contains 2 participants. The event was classified into two categories/rounds, that is:

- Do's and don'ts of an Entrepreneur
- The personality assessment

Firstly, HOD PROF. Padmaja Ma'am addressed the entire event with best wishes to everyone.

The participants are assigned with a task to mention the traits which support the role of Entrepreneur and also to mention the traits which were not feasible to be an Entrepreneur. The best assessment was qualified to the next round.

Ten teams were qualified to the round - the personality assessment. Each team was asked to present an elocution. Out of the ten teams, only 2 teams were considered the best under the jury.

Team1 - Mayukha and Shubham from the department of Mechanical

Team2 - Pushwanth and Shanmukh from the department of CSE

They have been awarded with token of appreciation for their performance in the entire event

## DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

### Report

IETE Student Forum of ANITS, Dept. of ECE, in association with ACES (ANITS Communication Engineers Society) have organized a two-day hands on workshop on “**IOT based Smart Home Automation**”, conducted by I & T Labs at ANITS on 15th, 16th November, 2021.

I & T Labs CEO, Mr Pramodh Kumar Kamichetty gave a brief review on I & T Labs Internship and its importance.

#### **On day 1**

The following points were discussed:

- What is IoT?
- How is it useful?
- Purpose of IoT
- How can we make things smart?
- Installation of Blynk software.

#### **On Day 2**

Students had a practical session and got to know how to dump the code onto cloud-based software. Cloud – based Software: Blynk Software

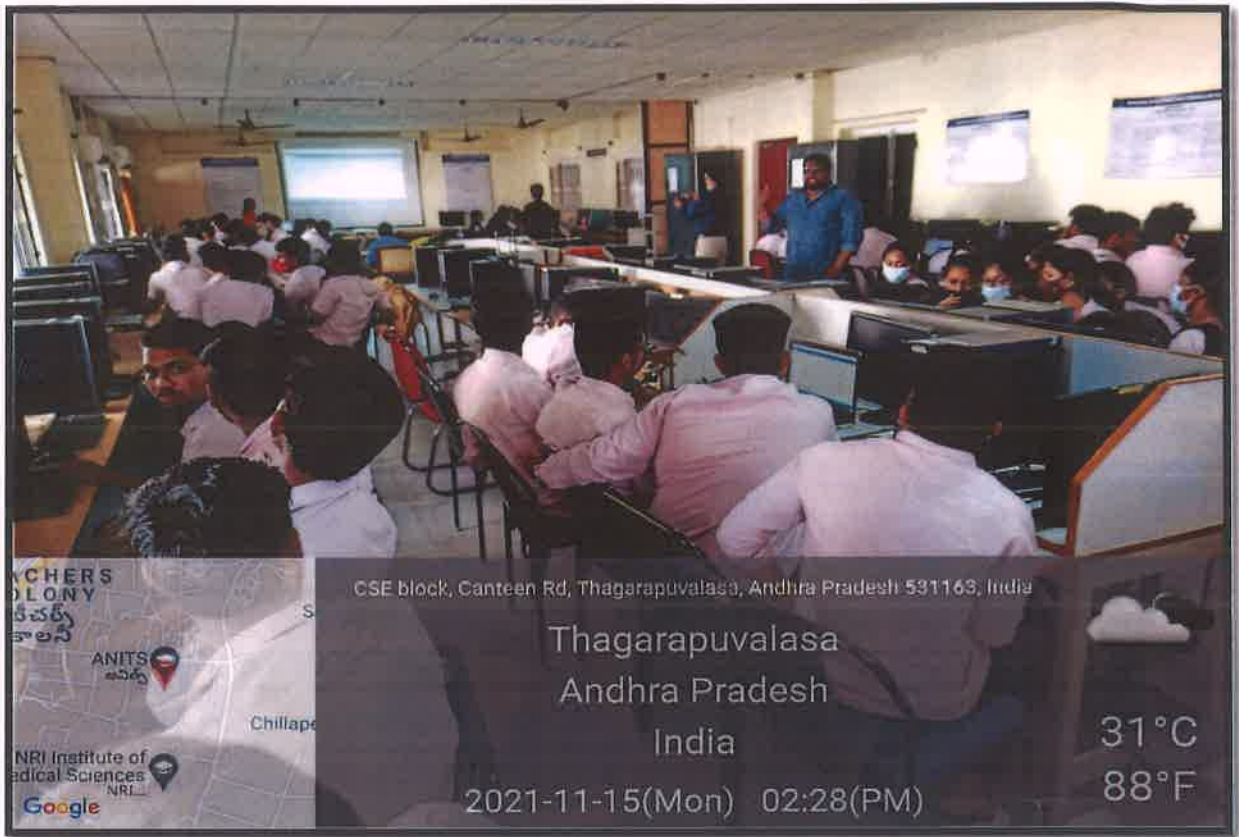

Mobile Application: Blynk Application.

instructed students on IOT works such as usage of cloud to control home appliances.

A total of 180 students attended this event.

## VOICE CLUB

### SUMMARY REPORT:

Event Name: THE REEL LIFE POP CULTURE

Date: - 12<sup>th</sup> November 2021

Venue: - Sales Force Lab (IT Department)

### THEME:

The VOICE CLUB of the Information Technology has conducted its First event "THE REEL LIFE POP CULTURE" on 12<sup>th</sup> November 2021 for the academic year 2021. The event was held at sales force lab IT Department.

An introduction about the event was initially given by G. Gowthama sarma. Prof P. Padmaja Madam, Hod of IT Department has addressed her view about the event. Initially we have 160 student registrations through online from various departments of ANITS college but due to some problems, finally 80 members were attended the event in physical mode. In 1<sup>st</sup> round participants attempted the Quiz on Reel Life Pop Culture under the supervision of P Naveena Madam. Under the surveillance of our chief Guest Mrs. Prasanna mam, P Naveena Madam we had conducted 2<sup>nd</sup> round. Students are classified into 10 teams (for each team 8 students). Students addressed their views on Reel vs Real on the given topics. Based on the performance of 1&2 rounds, 6 students were selected for round 3. In round 3 spot topic was given to them which is a JAM session. Based on the communication Winners and Runners are awarded.

ALL the participants actively participated in the event. We intimated them priorly about this event and we guided them regarding the basic speaking skills and how to interact at these situations. The theme of this event was to make every participant speak bravely and to test the knowledge on pop culture. Our main Moto of the event is every participant should come forward bravely to know their own ability and to speak regarding the pros and cons on the any of the topics these will reduce the stage fear of the participant. Finally the event has ended with vote of thanks by the Student Coordinator G. Gowthama sarma.

Winners of the event: 1. B.Saketh (320126511064 - IT Dept.)  
2. G.S.V.S.R..K..Prasad (319126508010- Civil Dept.)  
Runners of the event: 1. K.Shanmukh Srinivas(320126510152- CSE Dept.)  
3. N. Sai Rohith (319126512100- ECE Dept.)

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

As a part of IIC self-driven activity, ANITS Institute's Innovation Council in Association with Department of Computer Science Engineering conducted Online Orientation Session on "Set forth on MLOps and Innovative Applications of Machine Learning for Startups" on 06/11/2021. Faculty of CSE Department have participated in this program. Dr. R. Sivaranjani, HoD had presided over the program. V. Mamatha, Assistant Professor welcomed the participants and Resource Person Dr.Naresh N, CognitiveCare India Labs Pvt.Ltd. Mr.Naresh N Shared the information regarding machine learning operations and innovative applications that can be built using machine leaning. Finally feedback was collected from the participants and V. Mamatha, Assistant Professor Presented the vote of thanks.

**Two day technical workshop for Teaching and Non-Teaching staff**

Anil Neerukonda Institute Of Technology And Sciences (ANITS), Department of ECE, has organized Two day technical workshop for Teaching and Non-Teaching staff on “IoT using Raspberry pi” on 22<sup>nd</sup> and 23<sup>rd</sup> of October 2021. A total of 37 participants were attended the program. In order to give practical exposure, a majority of the theory sessions were followed by hands-on sessions.

This program aimed to introduce the participants to the amazing world of IoT and its fascinating applications. IoT is the idea of making devices and objects smarter by linking them to the internet. This technology frontier (IoT) with immense engineering applications is the need of today’s industry and academia. This workshop served as a platform to create awareness among participants by engaging them in all aspects of IoT, including components, technologies, products, Application, consumer usage and societal impact. Participants got insight of Raspbery pi and got familiar with its working and applications. Day wise details of happenings reported as follows.

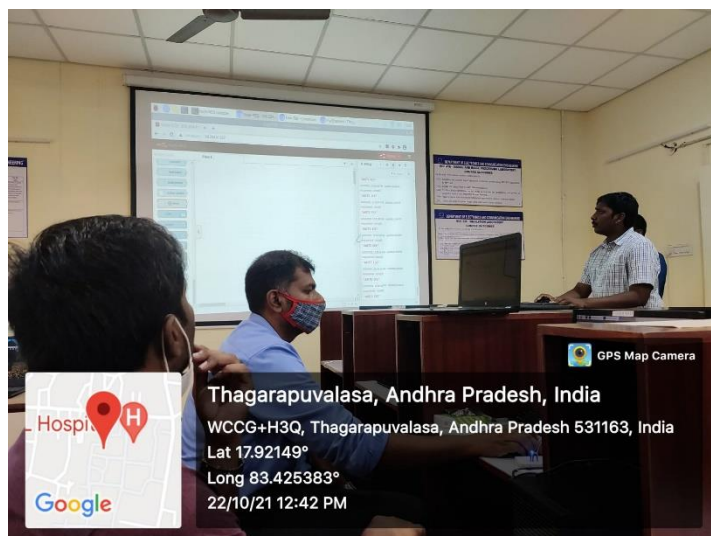

**Day 1: 22<sup>nd</sup> October 2021**

**Technical Session-1:**

**Topic: Introduction to Internet of Things**

**Resource Person: Mr. Bapuji.K, C. E. O, Appleton Innovation Pvt. Ltd.**

The first technical session started with formal welcome note by Dr. S. Srinivas, Associate professor, Dept. of ECE, ANITS. The resource person of this session, **Bapuji.K, C. E. O, Appleton Innovation Pvt. Ltd**, started his discussion with a detailed introduction to Internet of Things (IoT), in which he detailed IOT Applications, IOT Network Architecture, IOT Device Architecture, IOT Communication Protocols and □IOT Product Development Overview. He further introduced the participants to different peripherals like Analog Sensors: Temperature, Light Sensor, Potentiometer, Digital Sensors: Soil Moisture sensor, Motion Sensor, DHT11 sensor, Button,Digital Signals, Basic electronics: resistors, capacitors, diodes, transistors and etc., and actuators and their interfacing like Interfacing Piezo Buzzer Interfacing LED’s, Interfacing RGB LED’s Interfacing Relay, Interfacing Motor pump.

## Session 2: Getting Started with Raspberry pi, installation, Setup

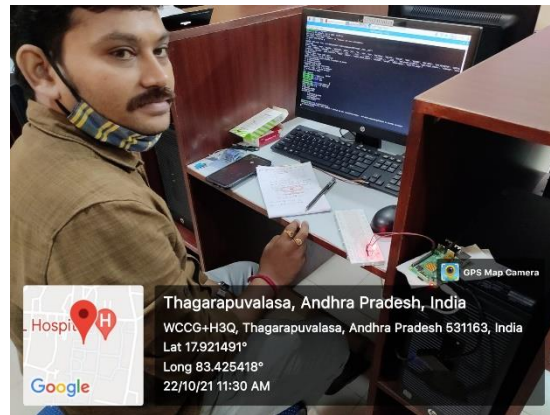

Mr.Bapuji.K , M.Tech, (CEO Appleton Innovation Pvt. Ltd)

Mr. Bapuji, Introduced the Raspberry Pi to the participants, and explained, Hardware Basics and Architecture of Raspberry Pi, Booting the Raspberry Pi 3 and OS Options Overview. Mr. Bapuji, further made the participants learn about Interfacing Hardware with the Raspberry Pi. He also discussed using Raspberry Pi as PC, Raspberry Pi Remote Access, Bash Command-line, Basics of electronic components and Interfacing LED, Buzzer, Switch, etc. He also gave Raspberry Pi LED Blink Example and Linux Overview and Device Drivers.

## Session 3: Programming with Raspberry pi,

Mr.Bapuji.K , M.Tech, (CEO Appleton Innovation Pvt. Ltd)

Mr. Bapuji explained Execution Steps, Basics of Python, Understanding Python, Interpreted Languages, Variables, Keywords, Operators and Operands, Data Types in Python, Flow Control, Condition Statement, Loops, Importing Libraries, Functions, Classes, Python and Hardware Access, LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor, Motion detection using Raspberry pi, Sending email alerts when Motion detected using PIR sensor and Configuring web server the following during the session. He also trained the participants on projects like LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor and Raspberry Pi, Motion detection using Raspberry pi, Sending Sensor Data to Cloud using Raspberry Pi, Sending emails

Mr. N. Srinivas Naidu, Assistant Professor, ECE, ANITS, ended the session by presenting the vote of thanks for the session.

Day 2:23<sup>rd</sup> October 2021

### Technical Session-4:

**Topic: Interfacing Hardware with the Raspberry Pi**

Mr.Bapuji.K , M.Tech, (CEO Appleton Innovation Pvt. Ltd)

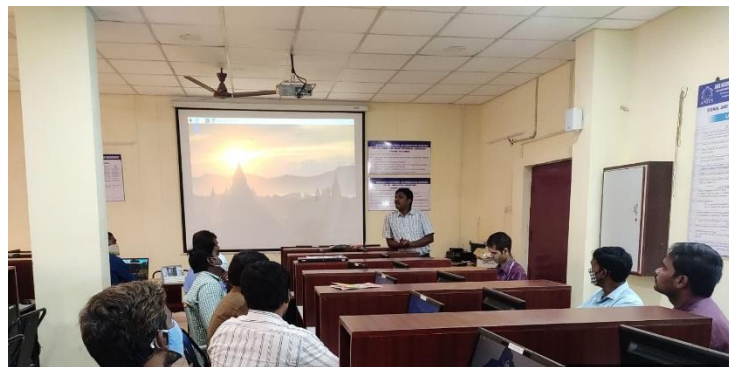

In the 4<sup>th</sup> technical session, a welcome note was presented by Dr. P. Murugapandyan, Associate Professor, ECE, ANITS. Resource person of the day Mr. Bapuji, introduced Python programming to the participants. He presented the comparative study of Embedded C vs Python. He further explained Execution Steps, Basics of Python, Understanding Python, Interpreted Languages, Variables, Keywords, Operators and Operands, Data Types in Python, Flow Control, Condition Statement, Loops, Importing Libraries, Functions, Classes, Python and Hardware Access, LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor, Motion detection using Raspberry pi, Sending email alerts when Motion detected using PIR sensor and Configuring web server the following during the session. He also trained the participants on projects like LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor and Raspberry Pi, Motion detection using Raspberry pi, Sending Sensor Data to Cloud using Raspberry Pi, Sending emails.

### Session-5: Working with Node Red,

**Mr.Bapuji.K** , M.Tech, (CEO Appleton Innovation Pvt. Ltd)

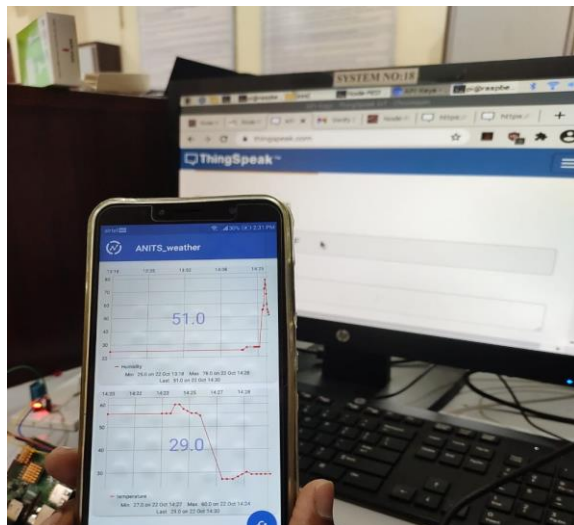

In this Session, Mr. Bapuji, introduced the participants Nodered environment, through which different experiments like LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor, and Configuring web server were performed.

### Session-6: IoT using Thing view Platform

**Mr.Bapuji.K** , M.Tech, (CEO Appleton Innovation Pvt. Ltd)

During this session, Mr. Bapuji, trained the participants on projects like LED Blinking using Python Raspberry pi library, Temperature and Humidity sensing using DHT-11 sensor and Raspberry Pi, Motion detection using Raspberry pi, Sending Sensor Data to Cloud using Raspberry Pi, Sending emails.

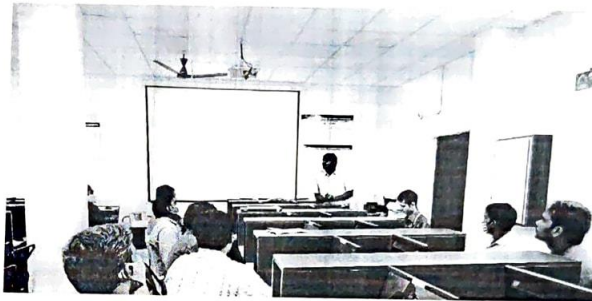

Dr. K. V. G. Srinivas, Assistant Professor, ECE, ANITS, ended the technical session by presenting the vote of thanks for the session.

As a part of IIC calendar activity, ANITS Institute's Innovation Council in Association with Department of Electrical and Electronics Engineering conducted Online Orientation Session on "SPACE EDUCATION AND RESEARCH DEVELOPMENT" on July 29<sup>th</sup>, 2021. Faculty and Students of our institution have participated in this program. Prof.T.V. Hanumantha Rao, Principal and Prof. G. Raja Rao, HOD of EEE department had presided over the program. Roshitha, IV/IV-EEE Section B, welcomed the participants and Resource Person Ms Nikhitha Shetty, CEO of SSERD organization. She is co-founder of Society for Space Education and Research & Development. She shared the information regarding the qualities like Time Management, Team Building and Finance Management etc., that an entrepreneur must possess. She provided the data for the process to take the internship. She explained the importance and evaluation of entrepreneurship in Space Education and Research Development. She shared the information regarding motivation to develop entrepreneurship qualities. She explained the nature of entrepreneurship in Space science education. She concluded with the statement that "The most brilliant quality of entrepreneur always takes that the entrepreneurship is qualitative but not quantitative". Finally feedback was collected from the participants and Roshitha IV/IV EEE A Presented the vote of thanks.

**Flyer: Orientation Session on Entrepreneurship-A way forward**

This session was honoured by Dr. Nagavani Chokkavarapu who is the managing director of Allinaza Techno Consultancy, Hyderabad. Her main agenda for this orientation session is to inculcate the entrepreneur skills among the students. She discussed about various problem solving ideas and disruptive thinking. She exemplified her views about the opportunities for budding entrepreneurs during this pandemic. Her ideas on building up a startup was though provoking for many students and she clarified all the doubts put up making it an interactive session.

### QUALITIES FOR AN ENTREPRENEUR

Three basic concepts an entrepreneur should understand before starting:

1. Don't afraid of failures : You vision should be broad and very huge. It should not be an earn a living or a luxurious life. It should be far away from this and objective and goal oriented. Every successful entrepreneur had a series of failures. Only with these failures you will derive strength. Success never comes all at once. Like a wheel goes up and down so is the success and failures.
2. Don't Pause : Never stop. You have to be updated and keep your self very much dynamic to face real challenges.
3. Derive strength from Problems : your problems are your strength. Consider your problems to be the path for your strength. Problem solving approach will automatically increase this strength. A sailor never ever stops in the middle of the sea as he knows there are waves, danger but he knows that he has to reach the other side. So he never stop in between.

### WHO SHOULD BE THE PARTNERS IN STARTUP?

- > MUST BE 3-4 MEMBERS FORM A GROUP
- > THEY MUST BE FROM DIFFERENT EDUCATIONAL BACKGROUNDS
- > MULTI DISCIPLINARY NATURE OF PROJECTS NEED EXPERTISE FROM DIFFERENT BACKGROUNDS
- > EX. SOIL MOISTURE SENSOR - ELECTRICAL ENGINEERING AND SOIL SCIENCES

#### WHAT IS MEANT BY INNOVATION?

INNOVATION AS THE CREATION OF NEW KNOWLEDGE AND IDEAS TO FACILITATE NEW BUSINESS OUTCOMES, AIMED AT IMPROVING INTERNAL BUSINESS PROCESSES AND STRUCTURES AND TO CREATE MARKET DRIVEN PRODUCTS AND SERVICES. INNOVATION ENCOMPASSES BOTH RADICAL AND INCREMENTAL INNOVATION.

### MARKETING FUTURE OF PRODUCT

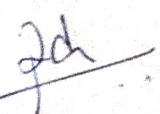

- If it is a software related product, don't sell the product. Give it on subscription. This ensures continuity of business.
- Material based product should have maintenance annually with warranty period maximum of one year.
- Sensor based system should have upgradation with changing technology with minimal charges

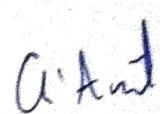

### FEW EXAMPLES IN COVID-19 PANDEMIC

- Low-cost portable ventilators
- Affordable COVID-19 test kits
- Drones for sanitization
- Specialized digital stethoscopes
- Disposable bamboo furniture for makeshift isolation wards
- Infection-proof fabric for hospitals

## Report

### Interactive Session on “Design Thinking for Innovative Mind-set”

**Title of Event:** Design Thinking for Innovative Mind-set

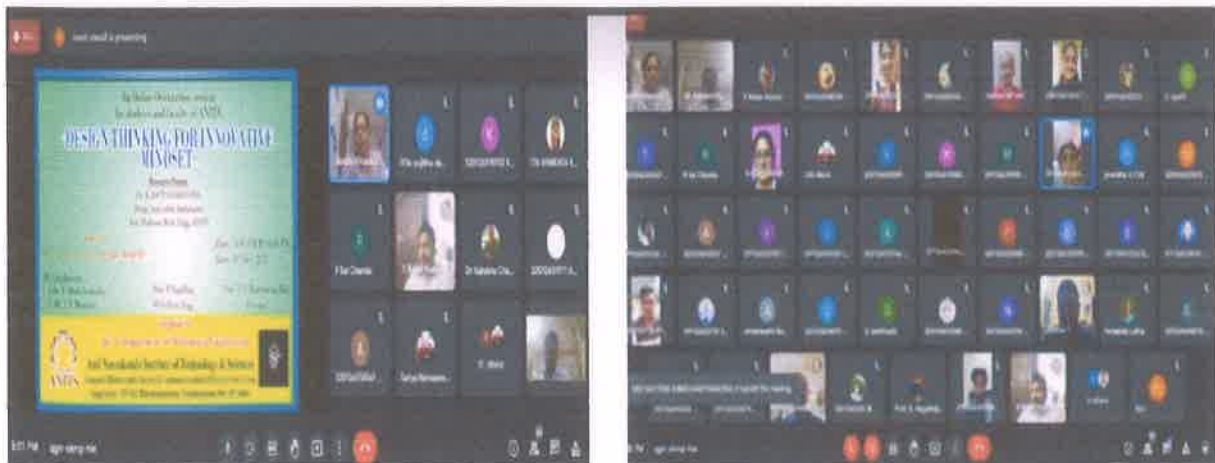

**Date of Event:** 04-07-2021

**Participants:** Mechanical Students

**No. of Participants:** 340

**Details of Key Note Speaker:** Dr.K Satyanarayana, Asst Prof. Dept.Of Mechanical Engg.,

ANITS – IIC in association with the Department of Mechanical Engineering conducted an IIC calendar activity of webinar titled “DESIGN THINKING FOR INNOVATIVE MINDSET” on July 4<sup>th</sup>, 2021. The faculty and students numbering to about 333 displayed a profound interest through their participation. Dr. K Satyanarayana, Assistant Professor, ANITS was the resource person as he possesses a rich experience in handling this current and most sought out subject by the industry. He spoke on the significance of developing an innovative mind-set in the students which forms the foundation for Design Thinking. He also elaborated on the subtleties of design thinking and its necessity in the present world which is advancing rapidly technologically.

**Subject: Permission for organizing Interactive Session by alumni of Mechanical Engg  
(through online mode) -Reg.**

Sir,

It is to bring to your kind notice that the Department of Mechanical Engineering is going to organize an Interactive Session on "Startup Founders".

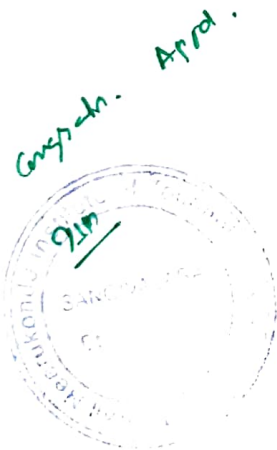

Kindly give the permission to organize the Interactive Session through online mode.

Date: 27-06-2021

Time: 5:00 PM to 6:00 PM

Resource Person: 1. Mr. Rattan Kumar. G,  
Founder of Studio Seven,  
Alumni of Department of Mechanical Engineering, ANITS,  
(2016-2020 Batch).

Co-ordinators: 1. Dr. V. Bindhu Neekarika,  
2. Mr. S. Phani Kumar (Alumni Co-ordinator).

## **EVENT DETAILS**

### **Event Name: BUILD YOUR OWN BLOG**

Blog can be defined as a website that contains online personal reflections, comments, and often hyperlinks, videos, and photographs provided by the writer.

Blog description or Meta description is a short piece of text which is visible under the blog homepage link that specifies what your blog is all about.

It is the most useful and relevant information for every visitor when your blog is listed in the Google SERP.

By just looking at the description of the blog one should be able to understand what kind of blog it is and how it is going to help them.

The participant has to create a page using HTML and CSS tags mainly text formatting and image formatting tags and also basic tags like div ,p etc. They can use any kind of image and content in those pages within given time.
