From left to right, they are: 'principal principal' with a green 'PP' icon, 'shiva naresh' with an orange 'SN' icon, 'Hanumantharao T' with a video feed of an older man, and 'sekhhar' with a video feed of a man with a beard. The main video feed shows a man with a mustache wearing a blue shirt, with his hands clasped. Behind him is a wall with several documents pinned, including one titled 'COMPUTER SCIENCE & BUSINESS SCHOOL' and another 'OFFICE ROOM DETAILS'. A fire extinguisher is mounted on the wall to the right. The bottom of the screen features a dark control bar with a play button, a mute icon, a timer showing '00:21 / 01:01:42', and settings and full-screen icons.

ABOUT ANITS

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES (ANITS) was founded by Dr. N. B. R. Prasad, an NRI Philanthropist from USA and Sri V. Thapovardhan, an industrialist, in memory of Late Anil Neerukonda, son of the Chairman Dr. N. B. R. Prasad. Its humble journey started in 2001 with an intake of 220 students into four undergraduate B.Tech programs. Within 14 years of its establishment, the institute has registered phenomenal growth and has been accredited by NAAC with 'A' and by NBA for the third time. It has been accorded the status of "Centre for Research" for guiding PhD scholars and permanently affiliated to Andhra University. It has achieved autonomous status in 2015. Further, the institute has been currently ranked as 4th among the private engineering colleges in A.P by APSCHE. It has also been recognized as "Centre for Excellence" by Infosys.

ABOUT THE DEPARTMENT OF ECE

The Department of Electronics and Communication Engineering, established during the academic year 2001-02 with UG program, had an initial intake of 60 and the intake was increased to 180 in the year 2014. M.Tech program (PG) in Communication Systems with an intake of 18 commenced from 2011-2012. The UG program has been accredited twice by NBA. The department has national and international affiliations with professional bodies like IETE, IEEE, etc. The department has highly qualified and experienced faculty with specializations in Wireless & Mobile Communications, Signal Processing, Radar & Microwave Engineering, EMI/ EMC, Antennas, Microelectronics & VLSI Design, Image Processing & Computer Vision, Electronic Instrumentation, Digital Electronics, Embedded systems

Workshop Objective

This workshop strives to open a portal towards the world of microcontrollers through one of the first ones to grace the market. The Intel masterpiece accelerated the use of microcontrollers in embedded systems all over the world and is an inevitable step in understanding the basics of what constitutes a microcontroller. This course is designed to pave the way for better understanding of the 8-bit Microcontroller thereby leading to a sound base in microcontrollers. Focus is primarily allotted to discussion and hands-on training on on-chip peripherals of 8-bit Microcontroller.

Workshop Contents

- General Discussion & Overview of Embedded Systems
- 8-bit Microcontroller: Architecture & Pin Diagram
- Introduction to KEIL Cross-Compiler & its features
- Mapping 8-bit Microcontroller Architecture to Embedded C
- Timer, Interrupts & Serial Programming Techniques

Two days online Workshop on “EMBEDDED SYSTEM DESIGN on 8-bit MICROCONTROLLER USING KEIL (IDE)” from 29.05.2020 & 30.05.2020

Organized by ECE Dept., ANITS

Two days online Workshop on “EMBEDDED SYSTEM DESIGN on 8-bit MICROCONTROLLER USING KEIL (IDE)” was organized by the department of Electronics and Communication Engineering (ECE) for the Students and faculties from various colleges across the country. Mr.N.Ramkumar,Assistant Professor/ECE,ANITS acted as a resource person for both the days(29.05.2020 & 30.05.2020) .About 291 members registered out of which 128 members were participated and gained hands-on experience on Microcontroller and Embedded C Programming using KEIL(IDE) . The program was conducted through GoTo meeting online platform

Prof Dr. V.Rajyalakshmi,HOD/ECE was inaugurated the session and asked the feedback in the end of the session. Faculties and Students were given their valuable feedback orally.

After end of the session we have conducted Quiz and also received online feedback about the workshop. Few samples of feedback questions and participants feedback

1. What aspects of this course were most useful or valuable?
 - Hands-on sessions as well as the clear introduction.
 - The course has the explanation from basics even any other branch student who didnt have any idea about 8051 can understand these two days classes.. And even the app installation guidelines also given by the faculty
2. What was the interesting thing you have learned from this workshop?
 - Embedded systems and programming in the keil & proteous software
 - Learned about the 8051 programming and coding and I'm interested in the real time applications shown as examples by the faculty

Components of Embedded Systems

- Microcontrollers(Brain -CPU)
 - Integrated circuits its executes the program

Three main criteria for choosing a microcontroller is:

- Meeting the computing needs of the task efficiently and cost effectively.
- Availability of software development tools.
- Wide availability and reliable sources of the microcontrollers

Its need to be programmed

- Write programs in a C language
- Place the program in the microcontroller memory

Summary Report on Online FDP-Artificial Intelligence

A 5 day Online National FDP on "Artificial Intelligence" organized by Department of Information Technology, Anil Neerukonda Institute of Technology & Sciences in collaboration with BrainOVision & National Youth Council of India from 22-05-2020 to 26-05-2020.

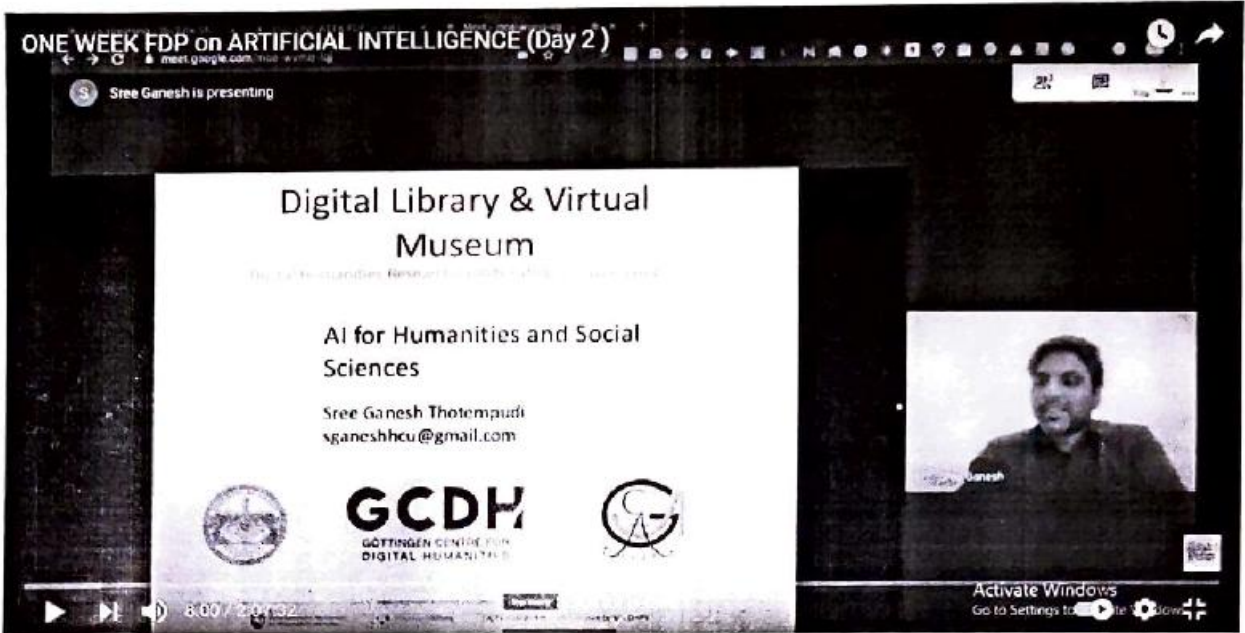

The Experts are Dr.S S Mantha, Former Chairman of AICTE, Sree Ganesh Thottempudi , Postdoc at SADiLaR and Ganesh Nagu Doddi,CEO, BrainOVision and Mr. Mehdi.

The Experts discussed the rise of Artificial Intelligence, Intelligence in Machine Learning , Human Intelligence vs Artificial Intelligence and applications of AI. Artificial Intelligence is a major step forward in how computer the system adapts, evolves, and learns. It has widespread application in almost every industry and is considered to be a big technological shift, similar in scale to past events such as the industrial revolution, the computer age, and the smart phone revolution. This course will give an opportunity to gain expertise in one of the most fascinating and fastest-growing areas of Computer Science through classroom program that covers fascinating and compelling topics related to human intelligence and its applications in industry, defense, healthcare, agriculture, and many other areas.

We have got 1831 and based upon active participation and after assessment 972 participants are issued with the participation certificates where we have conducted from 22nd may to 26th may, 2020. The entire session was gone well, Through-out the session the participants has learned new topics and our speaker has responded to them for their questions on the topic. The session was ended with our HOD's appreciation and she has invited our guest to our campus.

E-certificate has been issued to all the participants once they have filled the feedback form. Here is the template of E-Certificate

Presented by

Rajaram Venkataraman

CEO, Veltech TBI || Convener
and Head, FICCI Technology
Panel || Founder, Navya
Insights || President, SPIN
Chennai

Every entrepreneur has a different story about why he or she decided to start a business. Some have known from day one that they wanted to work for themselves and others come up with ideas while working for someone else and decide to take the entrepreneurial leap.

Most business owners will agree on one thing -- being an entrepreneur and owning a startup is great.

e-certificate would be issued to the participants

ARTIFICIAL NEURAL NETWORKS, RECENT TRENDS AND CHALLENGES TOWARDS MAKING SMART LIVING

In 2020, artificial intelligence will move from the hype state to practical usage and value, as corporations begin to harness its power.

Data for AI will be a major theme throughout 2020, from new techniques that train AI on less data to data privacy protections gaining traction.

On the positive side, AI trends include energy-efficient AI, quantum neural networks and the role of natural language processing in understanding proteins.

There are also challenges ahead as AI gains traction. "Deepfakes" are becoming more mainstream, making it difficult to discern real media from fake media. We may also see an increase in malicious applications of open-source AI tools — which have been fundamental in democratizing AI.

Some trends include:

- Commercial deepfakes will resurrect celebrities, shake up retail, and change media
- AutoML: AI is the future of AI design
- Federated learning will bring in a new data partnership ecosystem
- Doing more with less: Tackling small data problems in AI will be a major focus
- Natural language processing will help us understand the building blocks of life

The first round was conducted on 14th February 2020. The first round is an online round where all the participating teams are given two cases to which they have to give their best possible solution.

The cases are as below:

Case 1:

XYZ company is manufacturing chemicals for textile paints and rubber industries both organic and inorganic . From its inception, grades for the chemists who were operating the various plants and for the engineers who were maintaining them were the same , about two or three years ago, the company noticed that its engineers were leaving one by one, even the new recruits did not stay for more than a few months, investigations showed that the engineers were getting better offers. The company therefore decided to get new engineers at higher grades. This created inequity between the salaries of chemists with eight to ten years experience and the engineers who had two to three years practical experience after their graduation. The chemists represented to the company that their grades should also be revised . Management explained to

engineers who were maintaining them were the same , about two or three years ago, the company noticed that it's engineers were leaving one by one, even the new recruits did not stay for more than a few months, investigations showed that the engineers were getting better offers. The company therefore decided to get new engineers at higher grades. This created inequity between the salaries of chemists with eight to ten years experience and the engineers who had two to three years practical experience after their graduation. The chemists represented to the company that their grades should also be revised . Management explained to them that their company was comparatively small with low profit margin and therefore could not afford to increase everybody's salary . Further engineers were being paid higher salary because their market value at that time was higher. This created dissatisfaction in the chemists ranks and there was a general decline in their initiative and interest. They were also not cooperating with engineers as before and were blaming engineers for recent increase in breakdowns which was resulting in reduced production and profits. On the other hand, engineers were blaming chemists for not taking enough care of machines during day to day operations. Further more some of the engineers finding themselves unable to cope with the increased number of breakdowns were feeling frustrated and were leaving the company.

Analyze the above case and give your suggestion to improve the situation.

Case 2:

Vista Hospital was built four years ago and currently has a workforce of 190 people. The hospital is small, but it is efficient .The management has decided to increase its capacity from 50 to 200 beds. The administrator, Gosh ,feels that the major problem with this proposed increase is the hospital will lose its efficiency." I want to hire people who are just like our current team of personnel-hardworking, dedicated, talented, and able to interact well with patients. If we triple the number of employees, I do not see how it will be possible to maintain our quality of patient care. We are going to lose our family atmosphere. We will be inundated with mediocrity, and we will end up being like every other institution in the local area - large and uncaring." The chairman of the board is also concerned about the effect of hiring such a large number of employees. However he believes that Gosh is over-reacting. "it cannot be hard to find people who like our current staff. There must be a lot of people out there who are just as good. What you need to do is develop a plan of action that will allow you to carefully screen those who will fit into your current organizational culture, and those who will not. It is not going to be as difficult as you believe. Trust me. Everything will work out just fine ``.As a result of the chairman's comments, Gosh has decided that the most effective way of dealing with the situation is to develop a plan of action. She intends to meet with her administrative group and determine the best way of screening incoming candidates, and then helping those who are hired to become socialized in terms of hospital's culture. Gosh has called a meeting for the day after tomorrow. At that time, she intends to discuss her ideas, get suggestions from her people, and then formulate a plan of action.

- 1.What can Gosh and her staff do to select the type of entry level candidates they want?
2. How can Gosh ensure that those who are hired come to accept the core cultural values of the hospital? What steps would you recommend?

By the 16th February submissions were closed and by 17th February evening all the responses were studied and a total of 30 teams were shortlisted for the second phase of Business Combat.

Title: Talentio Solutions Training program titled “Data Structures using Python and DBMS”

III –ECE students AY: 19-20 Batch: 2017-2021

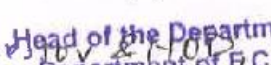

Dates: 10-02-2020 to 15-02-2020

Details of students registered

One week hands on training on “**Data Structures using Python and DBMS**” was organized by the department of Electronics and Communication Engineering (ECE) for the Third Year ECE students of ANITS (Anil Neerukonda Institute of Technology and Sciences). Trainers from Talentio Solutions, Hyderabad conducted the hands on training from 10.02.2020 to 15.02.2020. About 161 students from third Year ECE participated and gained hands-on experience of Python and DBMS Concepts. The program was conducted in the DSP Lab (ECE) and Sales force lab (IT).

During this workshop students exhibited their skills by practicing programs on Python and DBMS. The students were interactive throughout the sessions and able to write and implement code on their own. They thanked the HOD, Faculty and student coordinators for their valuable support and guidelines and expressed their heartfelt thanks to the trainers of Talentio Solutions, Hyderabad. for their systematic approach, during programming practices. Mr. N. Ramkumar, Mr. G.V.Raviteja and Mr.P.Devi Pradeep, who were the Workshop Coordinators & Assistant professors in the ECE department thanked the trainers for their support & encouragement given to the students during this one week. This program is a joint venture of IETE Students Forum (ISF) of ANITS and ANITS Communication Engineers Society (ACES).

Summary Report on the Seminar "4th Industrial Revolution - Tech Trends 2019-2020, 24 Jan 2020

A one day seminar on "4th Industrial Revolution Tech Trends 2019-2020" was organized by department of Information Technology, ANITS on 24/1/2020 Sri K.Rajeswar Rao CEO Coach, and Member of Board of Advisory- Datawise.

In the current environment the trends and technologies are changing the way we live and work. They are changing at a rapid speed. So the industry experts should conduct guest lectures on the present trends of the technology so that the students will not face the problem when they enter the industry.

The main aim is to learn the latest Technologies and enhance their skills. There were 360 students of Information Technology and Faculty members of IT, ANITS. Prof.P.Padmaja, HOD, IT department addressed the gathering & motivated the students of Information Technology for enriching their knowledge.

The keynote Speaker K.Rajeswar Rao has delivered about latest Technologies and Python Language. Apart from the curriculum the students have to learn and explore their knowledge regarding latest technologies and languages so that it helps in improving their career. As there is a rapid development in the programming languages and technologies there is a heavy competition in the industry and it becomes difficult to settle in career if they are not upgrading their knowledge.

One week hands on training on “Problem solving skills using Python”
at ECE Dept., ANITS by APSSDC

One week hands on training on “Problem solving skills using Python” was organized by the department of Electronics and Communication Engineering (ECE) for the Third Year ECE students of ANITS (Anil Neerukonda Institute of Technology and Sciences). Trainers from AP State Skill Development Corporation (APSSDC), Vijayawada, conducted the hands on training from 20.01.2020 to 25.01.2020. About 197 students from third Year ECE were participated and gained hands-on experience of Python Basic & Advanced . The program was conducted in the Project lab(ECE) ,Sales force lab (IT) and APSSDC lab(MECH)..

During this workshop students exhibited their skills by writing program on Python . The students were very much happy by writing program on Python on their own and thanked the HOD, Faculty and student coordinators for their valuable support and guidelines and expressed their heartfelt thanks to the trainers of APSSDC Vijayawada for their caring approach, during programming practices. Mr. N. Ramkumar, Workshop Coordinator & Assistant professor of ECE department thanked the trainers for tirelessly supporting & encouraging the students during this one week. This program is a joint venture of IETE Students Forum (ISF) of ANITS and ANITS Communication Engineers Society (ACES).

This is to inform all the 3/4 B.Tech II semester Students that, "CSI-CODING CONTEST" has been arranged to improve your coding skills. Hence all the students are suggested to participate in the coding contest and make use of it.

Note: This Coding Contest Covers maximum concepts which helps you to crack your placements.

Registration Details:

CSE: 50/- (CSI REGISTERED)

100/- (NON-CSI)

OTHER DEPARTMENTS: 100 INR

Cash Prizes worth Rs 2000 will be given for winners

First Prize: Cash Prize+ Certificate with ELITE+GOLD Level

Second Prize: Cash Prize+ Certificate with ELITE+SILVER Level

Third Prize: Cash Prize+ Certificate with ELITE Level

Note: A participation certificate will be issued for every participant.

Exam Dates:

LEVEL-1(BASIC)	LEVEL-2(ADVANCED)
01/02/2020	08/02/2020

Venue: SIR LAB, NEW LAB (OST LAB)-CSE DEPT.

Timings: 09:30 AM-12:30 PM

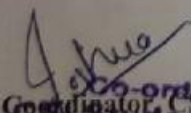

Topics: Arrays, Strings, Linked Lists, Trees, Bit manipulation, Number theory, Searching and sorting, Basic Dynamic Programming

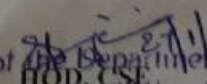

Contact For Registrations (Open from 27-01-2020 onwards):

ABOUT THE COLLEGE

Anil Neerukonda Institute of Technology and Sciences (ANITS), Visakhapatnam was established in 2001 by Anil Neerukonda Educational Society (ANES). ANES works to promote technical and human values through various educational institutions, without any motive for profit. ANITS is located in Sangivalasa village of Bheemunipatnam mandal, about 30 km from the beautiful city of Visakhapatnam. The college has been accredited by NAAC, NBA, UGC and attained autonomous status in the academic year 2015-16. The college has been awarded "Centre of Excellence" by Infosys Technologies in the year 2011 and "National Employability" in 2014 by Aspiring Minds, New Delhi. Undergraduate and postgraduate programs in CSE, IT, EEE, ECE, Mechanical, Civil and Chemical Engineering are offered. With a unique team of governing body, inspiring management, and proficient educators, *ANITS envisions to emerge as a world-class technical institution whose products represent a good blend of technological excellence and the best of human values.*

ABOUT IIC

Institution's Innovation Council (IIC) at ANITS is a unique model based on to promote innovation and incubation of ideas among student and faculty fraternity.

IIC helps to build entrepreneurship ecosystem in the institute and it would be a platform to bring the budding technical ideas of young upcoming engineering graduates into reality. IIC is conducting various activities like interactive sessions of renowned entrepreneurs with students, being a facilitator in filing patents of novel ideas of institute fraternity. In the future, the centre is striving hard to be a centre of excellence for start ups.

ABOUT THE WORKSHOP

The workshop would be emphasized on different themes like

- ❖ **Start-up Idea generation and evaluation**
- ❖ **Market Acceptance**
- ❖ **Scenario Analysis and Planning**
- ❖ **Business Activity**
- ❖ **Business Planning Process**
- ❖ **Execution, Proof of Concept and Funding**
- ❖ **Intellectual Property Rights**

A Report on Python Workshop

[30-12-2019 to 05-01-2020]

A 5-day Python workshop named '**Problem Solving Using Python**' has been conducted as a part of CSI student chapter, CSE dept., ANITS from 30-12-2019 to 05-01-2020.

The daily analysis of topics that have been taught are as follows:

Day 1: Python basics and Documentation in Markdown

Basic syntax of python ,writing a simple program in python ,documentation in markdown mode

Day 2: Operators and loops

Conditional ,Arithmetic ,Relational ,Bitwise operators and introduction to loops

Day 3:Loops ,Jumping statements ,Strings and String functions

for ,while ,break ,continue ,strings introduction and functions

Day 4:Functions and its types ,Regular Expressions ,Data Structures in Python

Recursive functions ,stacks ,queues

Day 5:Dictionarys ,Modules and Packages ,File Handling ,Functional Programming ,Maps

File opening ,closing ,writing into a file ,introduction to dictionarys ,modules ,packages and maps

ABOUT THE COLLEGE

Anil Neerukonda Institute of Technology and Sciences (A) (ANITS), Visakhapatnam was established in 2001 by Anil Neerukonda Educational Society (ANES). ANES works to promote technical and human values through various educational institutions, without any motive for profit. ANITS is located in Sangivalasa village of Bheemunipatnam mandal, about 30 km from the beautiful city of Visakhapatnam. ABOUT THE DEPARTMENT

The Department of Chemical Engineering was started in the year 2012 and has an efficient group of faculties from IISc, IITs, BITS and other reputed state universities. The department is well equipped with Chemical and Interdisciplinary laboratories. The faculty participate actively in the state-of-the-art research and continuously thrive to update knowledge and skills. The same is imparted to the students in classrooms by conducting workshops, seminars and conferences to craft the next generation of engineers. Modern teaching methodologies are

implemented to foster an improved classroom environment. The department envisions to emerge as centre of excellence in Chemical Engineering and attain global recognition in fulfilling the needs of industry and society.

ABOUT THE WORKSHOP

MATLAB is an indispensable asset for scientists, researchers and engineers. The richness of MATLAB computational environment combined with an integrated development environment and straight forward interface, tool kits, and simulation and modelling capabilities creates research and development tool that has no equal platform. MATLAB is a high-performance language for technical computing. It integrates computation, visualization and programming in an easy-to-use environment where problems and solutions are expressed in familiar mathematical notation.

Typical uses include: Math and computation, Algorithm development, Modelling, Simulation and prototyping, Data Analysis, exploration and visualization, Scientific and engineering graphics and Application development including Graphical User Interface Building. This workshop mainly comprises with a hands-on approach and focus on problem solving with the powerful MATLAB computing tool. The workshop is designed for students with only a basic college algebra and computer background. Numerous examples are drawn from a range of engineering disciplines, demonstrating MATLAB applications to a broad variety of problems.

Department of Chemical Engineering

National Workshop on

MATLAB for Engineers

Press Note

The Department of Chemical Engineering, ANITS, Visakhapatnam, in association with ANITS IChE Students chapter under Walter Region Centre organized a two day National Workshop on, "MATLAB for Engineers", during 27th and 28th Dec., 2019. The chief guest of the inaugural function is Prof. R. Padmasree, Chemical Engineering Department, Andhra University, and Prof. T.V. Hanumantha Rao, Principal; ANITS is the president of the function. Dr. Ch. Anil, Head of the chemical Engineering department and Dr. D. Anjali, convener of the workshop were also present on the dais.

Prof. T.V. Hanumantha Rao, in his presidential remarks insisted students to learn new technologies/skills so that they will be industry ready. He also emphasized the importance of computational skills in the present era. He expressed the tools like MATLAB will help in solving the complex engineering problems easily and advised the students to learn these tools in a true spirit. He congratulated the department and the organizers for organizing such a workshop for the students.

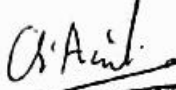

Prof. R. Padmasree, the Chief Guest, explained the origin and uses of MATLAB tool. She also gave her keynote address for day-1 and explained how MATLAB is useful for engineers by taking different case studies. She has explained how to solve steady state and dynamic reactor problems, control system problems and bio-reactor problems.

HOD, Dr. Ch. Anil, in his address expressed, the department will always encourages students to learn such new technologies and will organize many such events in future also for the benefit of the students. He also announced the department is going to organize a student fest on 19th to 20th Feb-2020 with a title "CHEMFLARE". The dignitaries of the dais lunched the poster for the same.

Dr. D. Anjali, Convener, gave the overview of the workshop. She informed that there will be five modules and Prof. B. Srinivas,

GVP College of Engineering, will be the key note speaker for day-2.

Prof. R. Srikanth, Dr. M. shiva Naresh, Mr. B. Pradeep Santosh Kumar, Mr. K. Koteswara rao are the other resource persons for the workshop. Prof. S. Subba Rao, Ms. S. Harika, Dr. K. China malakondaiah, other faculty and Students were present on the occasion.

ABOUT ANITS

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES (ANITS) was founded by Dr. N. B. R. Prasad, an NRI Philanthropist from USA and Sri V. Thapovardhan, an industrialist, in memory of Late Anil Neerukonda, son of the Chairman Dr. N. B. R. Prasad. Its humble journey started in 2001 with an intake of 220 students into four undergraduate B.Tech programs. Within 14 years of its establishment, the institute has registered phenomenal growth and has been accredited by NAAC with 'A' and by NBA for the third time. It has been accorded the status of "Centre for Research" for guiding PhD scholars and permanently affiliated to Andhra University. It has achieved autonomous status in 2015. Further, the institute has been currently ranked as 4th among the private engineering colleges in A.P by APSCHE. It has also been recognized as "Centre for Excellence" by Infosys.

Today, the institute offers seven B. Tech programme and four M. Tech programme with an annual total intake of about 1100 students. The institute offers amenities like separate hostels for boys and girls, indoor and outdoor games, transport A/C Buses covering all the major locations of Visakhapatnam and medical aid provided by Anil Neerukonda hospital and NRI Institute of Medical Sciences, another educational institution of ANES.

ABOUT THE DEPARTMENT OF ECE

The Department of Electronics and Communication Engineering, established during the academic year 2001-02 with UG program, had an initial intake of 60 and the intake was increased to 180 in the year 2014. M.Tech program (PG) in Communication Systems with an intake of 18 commenced from 2011-2012. The UG program has been accredited twice by NBA. The department has national and international affiliations with professional bodies like IETE, IEEE, etc. The department has highly

qualified and experienced faculty with specializations in Wireless & Mobile Communications, Signal Processing, Radar & Microwave Engineering, EMI/ EMC, Antennas, Microelectronics & VLSI Design, Image Processing & Computer Vision, Electronic Instrumentation, Digital Electronics, Embedded systems. The department has good infrastructural facilities and has nine full-fledged laboratories equipped with adequate hardware and software. The department has successfully completed one Research Promotion Scheme (RPS) project funded by AICTE. The faculty members actively involved in research and are publish papers in reputed national and international conferences/ journals.

ABOUT THE PROGRAMME

Electronics and communication engineering is an emerging and promising discipline in shaping future research and development activities in both Academia and Industry. This 3 Day Workshop on **Antenna Design Using High-Frequency Structure Simulator (HFSS)** is organized to bring together researchers from academics, scientific labs and engineering industries under one roof to share their expertise. The workshop invites researchers, faculty, post-graduate and undergraduate students to learn and work on the following modules.

- Basic Features
- Boundary conditions
- Excitation Features
- Microstrip patch antennas
- Reconfigurable Antenna
- Antenna Array Design
- Filter Design

IMPORTANT DATES

Last Date for Registration	20 th December 2019
Workshop Dates	26 th to 28 th Dec 2019

RESOURCE PERSONS

Mr. R. Shashi Kumar, Application Engineer, Entuple Technologies

REGISTRATION PARTICULARS

The workshop is open to the faculty of Academic Institutions, Students / Research Scholars and Professionals from Industry. Registration fee details for various types of participants are given below.

Participants	IEEE/IETE Members	Non-IEEE/IETE Members
Students (UG & PG)	200	250
Research Scholars	300	400
Faculty	400	500
Industry persons	800	1000

The registration fee should be paid in the form of Demand Draft drawn in favor of "ACES, ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY & SCIENCES", payable at **VISAKHAPATNAM**.

Last date for receipt of registration form along with the registration fee is 20-12-2019. (Limited entries and selection is based on first come first serve basis).

Limited Accommodation will be provided free of cost in the college hostels for eligible outstation participants on prior request.

TRANSPORTATION

Participants can avail college bus facility from RTC complex, Visakhapatnam. ANITS can be reached by RTC buses starting from RTC complex.

¼ B.Tech Mechanical Engineering students

All the third year Mechanical Engineering students are here by informed to attend the one week Python programming workshop scheduled from 23rd Dec 2019 to 28th Dec 2019. This workshop will be organised in collaboration with APSSDC. It will immensely benefit the students in obtaining proper placements in software industry.

Further this one week Python programming workshop will be treat as summer internship so that all the students have to submit the report which consisting of theory part on python Programming, solving of assignment problems etc. The students have to attend the viva voice exam for awarding the internal marks for industrial training during their fourth year first semester.

To
The Principal,
ANITS.

Sir,

Sub: Request for organizing one week workshop on “**Problem Solving with Python**” - Reg.

We are planning to organize a one week workshop to enhance the programming skills using Python for 3rd year Mechanical Engineering students. Kindly grant us the permission for organizing the programme. This workshop will be organized in collaboration with APSSDC from 23rd to 28th December, 2019. It will immensely benefit the students in obtaining proper placements in software industry.

The total number of students who are willing to attend the workshop is around 270. We have planned extra classes to compensate the loss of regular class work after completion of the workshop.

Dear Sir,

We are assigning 4 trainers to your college, **Anil Neerukonda Institute of Technology and Sciences, Visakhapatnam** for **Problem Solving with Python Phase1 & Phase2** starts from 23-Dec-2019. Kindly arrange food & accommodation for them during the training period.

Note: Fee details for Problem-solving with python phase1-->150 rs per Each(3 days workshop)
 Problem-solving with python phase2-->150 rs per Each (3 days workshop)

The following are the details of the Trainer:

S No	Trainer Name	Mobile_Number	Email
1	Suresh Karanam	8328401910	karanam.s@apssdc.in
2	T Ravi Kishore	7989570681	ravikishore@apssdc.in

PROBLEM SOLVING SKILLS USING 'PYTHON'

Course outcomes: The student will be able to

- Apply the basics of python language for programming.
- Analyze and demonstrate the use of lists, tuples and dictionaries in python.
- Implement file handling and file data processing in python.
- Use the functions/manipulation tools of python in programming.

Two Days Workshop on "Automation Anywhere" 29.11.19 & 30.11.19

6/8/19
3/3/19

Two days workshop on "Automation anywhere" was organized by the department of Electronics and Communication Engineering (ECE) for the Third Year ECE students of ANITS (Anil Neerukonda Institute of Technology and Sciences). Trainers from FACE Academy, Visakapatnam, conducted the workshop from 29.11.2019 to 30.11.2019. About 150 students from third Year ECE were participated . The workshop is dedicated for beginners who have no previous experience with any RPA software tool. During the course, students able to watch lecture videos on Automation Anywhere software and learn the following

1. What is RPA and How it is used in Automation?
2. Develop and program one's own BOT using Automation
3. To build the virtual workforce.

The program was conducted in the Project lab(ECE) & Sales force lab (IT)

Mr. N. Ramkumar, Workshop Coordinator & Assistant professor of ECE department thanked the trainers for tirelessly supporting & encouraging the students during this Two Days.

Seminar on " Emerging Technologies - Being an Industry Ready Graduate " on 16/11/2019.

Prof. P. PADMA DEVI
Head of the Department
Department of IT
ANITS, Visakhapatnam

Summary Report on the Seminar on "Emerging Technologies-Being an Industry Ready Graduate", 16-Nov 2019

A one day seminar on "Emerging Technologies-Being an Industry Ready Graduate" was organized by department of Information Technology, ANITS on 16/11/2019. Sri.T.Jignesh Co-Founder & CEO, Perspect AI.

As the transformational impacts of technologies continue to play an increasing role in our lives, a better understanding of the social, economic, legal and environmental impacts of emerging and digital technologies is critical to optimizing their use, and to ensuring equitable access to meet the needs of people.

The main aim was to review on latest Technologies and applications for making statistics more popular and accessible. There were more than 300 students of Information Technology and Faculty members of IT, ANITS. Prof.T.V.Hanmunatha Rao, Principal, ANITS, Prof.P.Padmaja, HOD, IT department addressed the gathering & motivated the students of Information Technology for enriching their knowledge.

The keynote Speaker T.Jignesh has delivered latest Technology about Virtual reality (VR). It is becoming increasingly accessible with developments in technology, making headsets and software development more common to meet education and training needs. This report will provide an overview of the components of VR which are critical to the experience of the viewer. Some of these components, such as the Head Mounted Display (HMD), can provide various degrees of immersiveness depending on the quality of the hardware used (various models are discussed with more information).

The seminar was around 5 main themes for the presentations that covered the following topics:

- **Learning** – Learning is the process of acquiring new, or modifying existing, knowledge, behaviours, skills, values, or preferences.
- **Initiate** - to tell someone about something or show them how to do something.
- **Problem Solving** - the process of finding solutions to difficult or complex issues.
- **Converging & Diverging**
- **Multitasking**

ANITS IIC LOGO Contest Guidelines and Official Rules

Eligibility:

- To be eligible, each participant must be a currently registered undergraduate student in ANITS campus.
- Individuals may submit no more than two entries (a separate Entry Form must accompany each submission).
- The logo MUST be the original work of the submitter.
- There are no restrictions in the number of colors used.
- The logo may be created using pencils, crayons, markers, and paint. Also, the logo may be created with a computer drawing program, but of course, all images must be original.
- The logo should be simple, not be complicated or confusing, and all elements must be discernible when reproduced in smaller sizes.

Submission Format:

Designs must be submitted in any of the following formats: .jpg, .tiff, or .pdf (if a hard-copy design sketch is submitted, it must be scanned or otherwise rendered into one of the above computer formats and submitted). Images can be larger than, but must be no smaller than, three inches by three inches (3" x 3").

A brief description or rationale (not more than 500 words) explaining the components of the logo should also be included in the entry.

Selection Criteria& Right to USE:

Relevance – Does the entry align with the theme and goals of the UC Global Food Initiative?

Originality – Does the composition exhibit original design, creativity, and imagination? □

Aesthetic Quality– Does the submission command attention? Does it display visual balance and color coordination? Do all the elements work together to create a unified and appealing design?

All entries considered as winners for the contest shall be considered as property of, and maybe used by the ANITS IIC.

The ANITS IIC Office shall also have exclusive rights to the winning logo design; publish it on its websites, and in other media and corporate materials such as letterheads and envelopes.

The ANITS IIC office reserves the right to further refine or make improvements and alterations on the final artwork of the winning entry.
