MEMORANDUM OF UNDERSTANDING BETWEEN

HYDERABAD INSTITUTE OF ELECTRICAL ENGINEERS (HIEE) AND ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY & SCIENCES (ANITS)

This Memorandum of Understanding (MOU) establishes a type of partnership between **HIEE** and **ANITS**.

I. MISSION:

Hyderabad Institute of Electrical Engineers (HIEE) is an ISO certified Pioneer Finishing School in India for Electrical designing courses, located in Hyderabad. Designed with the intent of bridging the gap between the academics & industry from the year 2010 onwards and trained more than 6000 students as on date.

ANITS ensures setting high standards in imparting professional education by employing proven new education methodologies along with the measurable techniques which would help both the faculty & students to make learning a great experience to help them embrace the opportunity suiting them.

The Memorandum of Understanding to promote WORKSHOP's, INTERNSHIPS, PROJECTS & PLACEMENTS. Accordingly, HIEE and ANITS operating under this MOU agree as follows:

II. PURPOSE AND SCOPE

HIEE and ANITS describe the intended results that the organizations hope to achieve by conducting the specific activities will cover,

- Workshops and guest lectures
- Practical Oriented sessions
- Real time projects
- Industry visits
- Certificates
- Job oriented training
- Placements

MEMORANDUM OF UNDERSTANDING BETWEEN

BENEFITS TO THE STUDENTS OF:

- 2nd year students for workshops & Industry visits.
- 3rd year students for Internship programs and mini projects.
- 4th year Final Semester students for Job oriented training with Placements.

BENEFITS TO HIEE:

- This would Strengthen our Effort of being the one of the preferred Premier Finishing School in India.
- We are in this Space of Establishing the Connect Between the academics & Industry for over a decade and this role of ours would help us build the careers of the upcoming generation of qualified engineers.
- Develop HIEE as the most desired platform for the Core Engineers serving both the student and industry.

III. TERMS OF UNDERSTANDING

The term of this MOU is for a period of a year with effect from 23/08/2021. This MOU can be extended upon written mutual agreement. This MOU does not have any financial implications. It shall be reviewed annually to ensure that it is fulfilling its purpose and to make any necessary revisions.

Either organization may terminate this MOU upon thirty (30) days written notice without penalties or liabilities.

Note:

1. *There will be no financial commitments between HIEE and ANITS.*
2. *All the courses are provided with Certificates & few Programs would be on chargeable basis which would be informed to the students directly. Placements is the additional support on a non-chargeable basis.*

MEMORANDUM OF UNDERSTANDING BETWEEN

Authorization

The signing of this MOU is not a formal undertaking. It implies that the signatories will strive to reach, to the best of their ability, the objectives stated in the MOU.

On behalf of the organization I represent, I wish to sign this MOU and contribute to its further development.

And

Satya Institute of Technology and Management
Gajulalarega, Vizianagaram, Andhra Pradesh-535002, India

MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (hereinafter called as the 'MOU') is entered into on the **28th DAY of January 2022** by and between:

Anil Neerukonda Institute of Technology and Sciences (Autonomous), Sangivalasa, Bheemunipatnam Mandal, Visakhapatnam, Andhra Pradesh-531162, India, THE FIRST PARTY represented herein by its **Name of Competent Authority / Representative**

AND

Satya Institute of Technology and Management, Gajulalarega, Vizianagaram, Andhra Pradesh-535002. India THE SECOND PARTY represented herein by its **Name of Competent Authority /Representative**

PURPOSE OF MOU

In particular, this MOU is intended to

1. Present guest lectures to the faculty and students
2. Organize various Workshops/Seminars/Webinars
3. Assist the Ph.D Scholars for pursuing their Ph.D work
4. Generate self-employment opportunities
5. Assist the students in establishing various start-ups

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SETFORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

Clause 1

CO-OPERATION

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations. The parties shall keep each other informed of potential opportunities and share all information that may be relevant to secure additional opportunities for one another. Both parties believe that close co-operation between the two would be a major benefit to the student community to enhance their skills and knowledge.
- 1.2 No financial commitment from any party will be assumed unless a formal approval/ acceptance to that effect for the works/ services has been accorded through signed documents by ANITS and SITAM prior to starting of work.

Clause 2

SCOPE OF THE MOU

- 2.1 Both parties will give valuable inputs in teaching/ training methodology so that the students fit into the industrial scenario meaningfully.
- 2.2 Both parties will provide Labs/ Workshops/ computing facility in house requirements for the hands-on training to the students/Ph.D Scholars.
- 2.3 Both parties will train the students on the emerging technologies by conducting guest lecturers/seminars/webinars and workshops in order to bridge the gap in skill and make them ready for industry.
- 2.4 Both parties will actively engage to help the delivery of the training and placement of students into internships/jobs.

Clause 3

VALIDITY

- 3.1 The validity of the agreement is two years from the date of agreement.
- 3.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

**A REPORT ON
GUEST LECTURE CONDUCTED
FOR SITAM FACULTY**

An interactive session was conducted by Dr. **G.Serwani Swamy**, I/C HOD, English and Humanities, ANITS on the topic “Essential Soft skills for Employees” with the teaching faculty of SITAM as part of collaborative session for MoU signed with the institution. The objective of the session was to impart awareness on importance of soft skills in the workplace thereby exploring and sharing practical, evidence-based best practices on pedagogical themes, and to gain new insight to try new things in the classroom. Participants shared their appreciation for this programme and suggested that such events could be organized on a more regular basis in collaboration with ANITS.

MEMORANDUM OF UNDERSTANDING

Recognizing the need for 'Industry-Institute Interaction' and to keep abreast of the latest developments in the field of Biochemical Engineering, **Anil Neerukonda Institute of Technology & Sciences**, Sangivalasa, BhcemunipatnamMandal, Visakhapatnam Dt-531162, a self-financing institution(A), hereinafter referred to as 'ANITS'.

and

Aaharya Techonologies, Eluru, a company involving handling of new projects, marketing and sales development of natural health care, hereinafter referred to as **Aaharya Techonologies** entered and signed a Memorandum of Understanding (MOU) on this day the 30th of December 2019.

The MOU is valid for a period of 3 years beginning with 30th December, 2019.

The MOU envisages the following:

1. **Aaharya Techonologies** will where possible, assist ANITS in

A) Students projects:

By suggesting some industryoriented projects, guiding the project students and permitting them to use the facilities, if required, for successful completion of the projects.

B) Guest lectures:

By providing resource persons, for giving guest lectures in frontier areas, especially in the areas of Biochemical Engineering and natural health care.

C) Refresher courses, workshops and seminars:

In conducting national seminars, symposiums, workshops etc by ANITS, by providing some intellectual inputs.

D) Training for the students and faculty:

In providing industrial training to the students and faculty of ANITS, as and when required particularly in summer vacation.

E) Value – addition Programs :

In conducting value-addition programs for the students of ANITS if necessary, at a mutually agreed cost.

2. ANITS will, where possible, assist **Aaharya Techonologies** in

A) Value – addition Programs :

1) In conducting value-addition training programs like computational techniques for process design etc for the working personnel of the industry, if necessary, at a mutually agreed cost.

B) Consultancy :

1) In taking up industrial relating problems and assisting them in arriving at reasonable solutions

Respected Sir,

Sub: Request for conducting SEM and XRD analysis at your laboratories for B. Tech. Project titled "Green synthesis of iron oxide nanoparticles from Mimosa Pudica root extract"

Final year students of B. Tech. Chemical Engineering are working on a project titled "Green synthesis of iron oxide nanoparticles from Mimosa Pudica root extract" under the guidance of Prof. S. Subba Rao and Mr. B. Pradeep Santosh Kumar. For this project analysis of iron oxide nanoparticles using SEM and XRD are required to confirm the formation of nanoparticles. In this regard, I request you to kindly provide permission to our students to conduct analysis at your laboratories.

Thanking You,

Yours Sincerely

ACKNOWLEDGEMENT

Firstly, we would like to thank our mentor and guide **Prof. S. Subba Rao and Mr. B.Pradeep Santosh Kumar, Department of Chemical Engineering, ANITS** for their guidance, constant supervision and motivation from the beginning till the completion of the project.

We deeply thank and appreciate **Dr.Ch.Anil, Head of the Department of Chemical Engineering,** for providing us with a wonderful opportunity to learn and work on the project.

Our Sincere thanks to CEO and Management team of **Aaharya Technologies** for providing characterization techniques like SEM and XRD analysis.

We honorably thank our non-teaching staff, friends and family for their support and trust in us in completion of the project.

5.3 Effect of Different Process Variables:

The different parameters consisting of (1) Stirring, (2) Temperature and (3) Concentration of Base were observed for the green synthesis of iron oxide nanoparticles.

5.3.1 Stirrer speed:

When the reaction mixture was stagnant the formation of iron oxide nanoparticles is less. An increase in the yield was found as the reaction mixture is subjected to a higher stirring speed. With the decrease in the speed of stirring, the size of the particles forming tends to agglomerate. Table 5.1 shows the effect of stirring on the formation of iron oxide nanoparticles.

Table 5.1: Effect of the Speed of stirring for the synthesis of nanoparticles

Sample	Concentration of chemical	Concentration of base	Temperature	Speed of stirring	Yield	Remarks
5	FeSO ₄ ·(NH ₄) ₂ SO ₄ 0.02M; 50ml	NaOH N.A.	80°C 20 minutes	1200 rpm	0.103g	Large Size of particles are formed
3	FeSO ₄ ·(NH ₄) ₂ SO ₄ 0.02M; 50ml	NaOH N.A.	80°C 20 minutes	1400 rpm	0.111g	Particles formed with desired characters
6	FeSO ₄ ·(NH ₄) ₂ SO ₄ 0.02M; 50ml	NaOH N.A.	80°C 20 minutes	1600 rpm	0.196g	Tends to agglomerate

CHAPTER-V

RESULTS AND DISCUSSION

Batch experimental studies for the formation of iron oxide nanoparticles for different input parameters like temperature, stirrer speed and base concentration were carried out. The results are analyzed and discussed in detail below.

5.1 SEM analysis:

The scanning electron microscopy (SEM) provided further information about the morphological characteristics of particles synthesized. SEM of rapid biologically synthesized typical iron oxide nanoparticles was obtained, although the exact shape of the nanoparticles was not clearly predicted. Fig.5.1 and 5.2 show the SEM photographs of *mimosa pudica* iron oxide nanoparticles clearly in the synthesized sample.

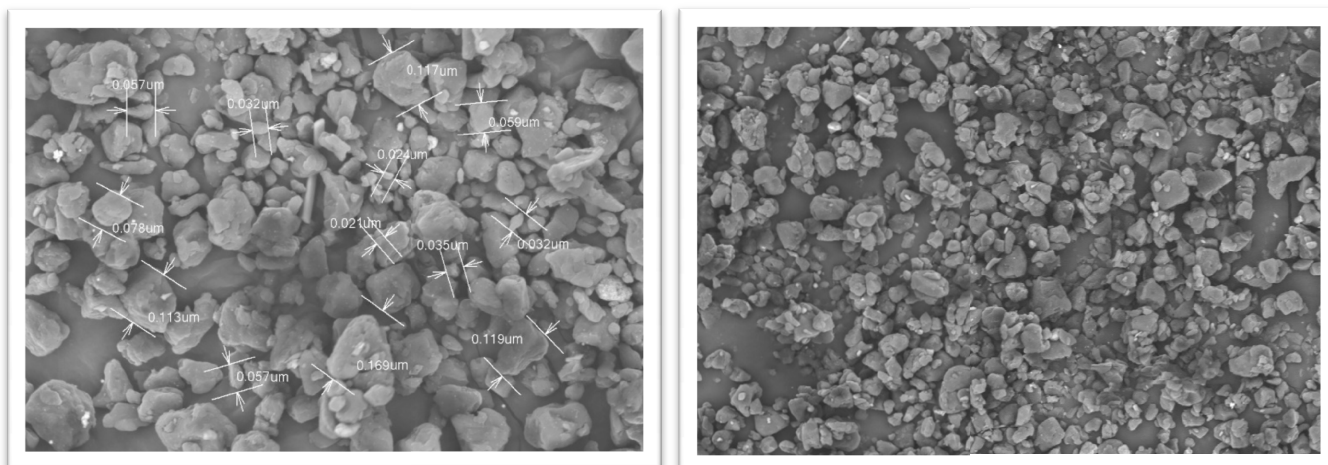

Fig.5.1: The SEM images of iron oxide nanoparticles.

5.2 XRD analysis:

The X-ray diffraction (XRD) patterns obtained for the iron oxide nanoparticles synthesized using the root extract of *Mimosa Pudica* are shown in Figure 5.2. The XRD pattern displayed five characteristic 2θ peaks at 18.27° , 20.44° , 29.94° , 42.98° and 47.31° marked by their indices (2 0 2), (1 3 2), (3 2 2), (0 1 6) and (1 5 1) respectively. They are quite identical to the peaks of Fe_3O_4 crystal with the orthorhombic structure. The results are in agreement with the standard XRD pattern of Fe_3O_4 (ICCD 76-0958). Hence, from the XRD result, it was clear that iron oxide nanoparticles formed using *mimosa pudica* root were crystalline in nature.

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES was established in the year 2001 with a vision to make an indelible mark in the field of Engineering Education & Research.

ANTIS is providing quality education since last 21 years. It is one of the reputed institutions in Andhra Pradesh.

Accreditations:

- The institution is permanently affiliated to Andhra University, Visakhapatnam.
- It is accredited by NAAC& NBA.
- The college is recognized as a Research Center by Andhra University.
- It has obtained autonomous status in the year 2015.
- The institution has been certified by ISO for providing quality technical education.

Mission:

To impart Value based scientific Knowledge through Quality Technical Education. The promoter “ANIL NEERUKONDA EDUCATIONAL SOCIETY” has a vast experience of nearly 2 decades in running different educational institutions.

AND

**DATAPRO COMPUTERS PVT.LTD.
VISAKHAPATNAM**

About the Company:

With the onset of computers' in India, computer competence became the new core skill for the modern workforce. The Datapro Computers Pvt. Ltd, popularly known as Datapro across the country, was established way back in 1990 by two visionaries, viz. Sri R. Sai

Prasad and Sri S. Prasad, a combination of Technocrat and Entrepreneur to provide affordable and employable computer skills for the masses.

With our trainers imparting quality education to the trainees, supported by constructive thinking by the Management and with a positive approach towards placements of those trained candidates, within a short span of time, it has emerged as a leading multi-skill training provider in the country covering 14 states-171 centers with 300 plus Trainers.

Datapro, besides being an approved Training Partner of NSDC is also having affiliations with as many as 19 Sector Skill Councils.

This MOU shall commence from the date of its signing and shall continue for a period of **THREE YEARS** from that date, unless either party notifies in writing to the other party of its intention to terminate this MOU, thirty days in advance.

This MOU is not legally binding contract and under no circumstances does this memorandum subject either of the parties to liability for breach, whether material or minor of contract or any other liability under National applicable laws.

ANITS, SANGIVALASA and DATAPRO COMPUTERS PVT. LTD., Visakhapatnam recognize that they share common goals and are desirous to establish a cooperative arrangement for mutual benefit.

The said arrangement between ANITS, SANGIVALSA and **DATAPRO COMPUTERS PVT. LTD.** VISAKHAPATNAM will be in the following areas:

1. Scope of Training :

- Offering Training to the faculty members in the contemporary technologies.
- Offering training to the students in various programming languages and design software's.

2. Industrial Projects & Consultancy:

- Provide support in taking up and formulation of the joint research proposals.
- Participate in handling the industry related consultancy projects.
- Provide collaborative consultancy services in the areas wherever applicable.
- Submit the collaborative funded research projects to the funding agencies.

3. Industry visits and Internship:

- Support in organizing industrial visits in the respective disciplines.
- Provide opportunities for summer and Full-semester internships.

4. Guest Faculty / Visiting Faculty/Resource Person from industry:

- Nominate senior subject experts from industry as Subject Experts
- Depute senior HR/Technical personnel for general motivational sessions.
- Conduct employability orientation programs for the students.

5. Utility of the infrastructure:

- ANITS, SANGIVALSA offers in sparing the available lab facilities for the technical training and consultancy work related to the industry.

6. Indicative outcomes of the MOU:

Item	Item Description	Target / Year
1	Industrial Projects & Consultancy	1-2 collaborative consultancy project
2	Workshops for students	TWO (ONE per semester as per the availability of students)
3	Faculty Development	ONE PER YEAR
4	Full Semester Internship	10-15 students (Subject to availability of slots in industry)
5	Guest Faculty/ Visiting Faculty/ Resource Person from Industry	1-2 Resource persons from industry

7. THIS MOU IS APPLICABLE FOR A PERIOD OF 3 YEARS FROM THE DATE 07-MARCH-2022

8. Terms and Conditions:

- ANITS, SANGIVALSA and DATAPRO COMPUTERS PVT LTD., Visakhapatnam shall nominate a SPOC from both sides to oversee and ensure that all the activities under the MOU are taken up with true spirit.
- All the travel and other logistics needed for the industry experts will be taken care by ANITS, SANGIVALASA

We are planning to organize A one week Skill Development Programme on "Problem Solving skills using C" for 2nd year Mechanical Engineering lateral entry students. This Skill Development Programme is planned to be organized in collaboration with **DATAPRO, Visakhapatnam** from 07th to 13th April, 2022. Further, this will immensely benefit the lateral entry students as they do not go through a course on C programming in their diploma studies.

The total number of lateral entry students who are willing to attend the Skill Development Programme is around 78. Kindly grant the permission for organizing the Skill Development Programme.

Director,
Veedhanta Biotech Pvt Ltd., Visakhapatnam

Respected Sir,

Sub: Request for the microbes and bacteria to conduct experiments in the Food Biochemistry and Microbiology laboratory of M. Tech. Food Processing Technology

Hope you are doing well and in great health. As you are aware that as a part of MoU and with your kind extended support in supplying spirulina, our students as a part of B. tech. final year project completed the production of spirulina with flying colours.

I am happy to inform you that from the 2021-22 academic year, the Department of Chemical Engineering started M. Tech. Food Processing Technology course. In the Food biochemistry and microbiology lab, the students need to do experiments on *Aspergillus niger* and *Saccharomyces cerevisia* cultures. In this regard, I request you to kindly provide our students the above said cultures for the smooth conduct of the laboratory.

Thanking You,

Yours Sincerely

Aim :- To study the morphology of fungi.

Requirements :-

1. Culture sample of *Aspergillus niger* ^{isolated from garlic} on the ~~potato dextrose~~ ~~agar~~ medium.
2. Lactophenol cotton blue staining solution
3. Slides
4. Inoculating needles.
5. Cover slips.
6. Microscope
- 7.

procedure :- A clear glass slide was taken and a drop of lactophenol cotton blue stain was placed at the center of the slide. The needle was lightly heated and the culture sample was placed on the cotton blue stain with the help of inoculating needle and spread. It was covered with cover slip and examined under microscope.

observation :-

~~The mycelium of Aspergillus and spores~~
were ~~observed~~, ~~the sporangia~~

The sporangia and spore mass in blue colour were observed after staining with cotton blue for the sample, isolated from Garlic.

Result :- The culture isolated from Garlic may be Aspergillus niger.

Aim:- To study the morphology of yeast.

Requirements:-

1. 24 hours old Sabouraud agar slants of Saccharomyces cerevisia.
2. 10% ethanol solution.
3. Fluoridine blue solution

Composition of Sabouraud agar medium:-

Dextrose - 4%

Pepton - 1%

Yeast extract - 1%

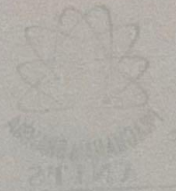

Agar - 2%

Procedure:- A clean slide was taken and a drop of distilled water was placed at the centre of the slide. Three drops of loopful culture medium was added and it was heat fixed. Later it was flooded with 40% ethanol for one minute and washed under tap water. The slides were flooded and then stained with fluoridine blue solution for two minutes. Wash with 10% ethanol, air dry and examine under microscope.

Observation:-

Unicellular, oval shaped cells with budding were observed under microscope.

Result:- The morphology of yeast which was isolated from grape juice was studied. Sudip 21/7/22

The image shows two side-by-side Simulink simulation windows. Both windows display a complex circuit diagram with various blocks, interconnections, and signal paths. The top window has a 'SIMULATION' tab selected, and the bottom window has a 'DEBUG' tab selected. Both windows include a toolbar with buttons for 'Stop Time', 'Normal', 'Fast Restart', 'Step Back', 'Run', 'Step Forward', and 'View Results'. A message at the bottom of the left window reads: "Can't find what you're looking for? Try Apps in Simulink or view Menus to Toolstrip Mapping. Do not show again." A notification at the bottom of the screen states: "319126514116 KOTTAKOTA LOKESH has left the meeting".

IE (I) DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

A Webinar on "Hands-on MATLAB based Simulations of Common-mode voltages effect on electric vehicles" of ANITS organized on 10-07-2022

A Webinar on "Hands-on MATLAB based Simulations of Common-mode voltages effect on electric vehicles" of ANITS organized on 10-07-2022 organized by the Department of Electrical and Electronics Engineering in association with IQAC and IE (I) ANITS. The resource person for the webinar is Dr. D. Raveendhra, Director, Zunik Energies (P) Ltd. During the on line session, he delivered a talk which covered common mode voltages reduction techniques, various methods and electric vehicles applications. And also he explained Mat lab diagrams (simulation) and corresponding results.

Prof. T. V. Hanumantha Rao, Principal, Prof. G. Raja Rao, HOD, Prof. J. Vijaya Kumar Coordinator IQAC and Mrs. K. Lavanya, Coordinator, IE (I), presided over the function.

The coordinator of the programme thanked all the participants, Principal and the management for their unstinted support.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is made on 04th day of August in the year 2022 between

M/s. MJ CNC TECHNOLOGIES, an Engineering Workshop located in Block – B, Door No. 7-1-35, Flat No. 76, Industrial area, Auto Nagar, Visakhapatnam, A.P, INDIA, on the one part

And

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY & SCIENCES located at Sangivalasa, Bheemunipatnam Mandal, Visakhapatnam, A.P., India, (hereinafter referred to as ANITS), on the second part.

In this regard, the following points are agreed upon:

1. Objectives

- a. The primary objective is to allow the students of ANITS for industrial training, internships and executing projects in Manufacturing Sciences and thereby provide technical support and expertise to the students to nurture and enhance their competencies.
- b. The second objective is to provide technical support for continuous maintenance of manufacturing machine tools in ANITS.

2. Recitals

- a. M/s. MJ CNC TECHNOLOGIES is in the business of accomplishing a spectrum of engineering job works for its clients in the country.
- b. ANITS, a premier institute for UG and PG courses in Engineering was established with the aim of providing quality higher education on par with international standards. It persistently seeks and adopts innovative methods to improve the quality of higher education.
- c. The purpose of this agreement is with reference to defining the areas of cooperation, benefitting both ANITS and M/s. MJ CNC TECHNOLOGIES.

MJ CNC TECHNOLOGIES

*Manufacturing of Special Type Of Job Works
Machining of CNC Turning & CNC Milling*

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

3. Scope of Agreement:

M/s. MJ CNC TECHNOLOGIES:

- ❖ M/s. MJ CNC TECHNOLOGIES to liaison with ANITS for providing technical support to the students in their internship programs and projects.
- ❖ M/s. MJ CNC TECHNOLOGIES to provide support for industrial training of students.
- ❖ M/s. MJ CNC TECHNOLOGIES to provide technical support for continuous maintenance of machine tools and other Engineering labs.

ANITS:

- ❖ ANITS will provide a batch of students every year for project training and internship.

4. Technical Support & Methodology

- ❖ Training shall be arranged at the premises of M/s. MJ CNC TECHNOLOGIES.
- ❖ M/s. MJ CNC TECHNOLOGIES will provide technical support needed for imparting the necessary training to the students of ANITS.
- ❖ Each Training program of specified duration will be carried out for two to six hours on all working days in a week.
- ❖ M/s. MJ CNC TECHNOLOGIES will train the students on manufacturing related topics with a specific thrust on CNC machine tools and assist the students in executing their projects/internships.
- ❖ M/s. MJ CNC TECHNOLOGIES will render support to ANITS in the process of rectification of any technical snags that can occur in the laboratory machinery.

MJ CNC TECHNOLOGIES

Manufacturing of: Special Type Of Job Works
Machining of: CNC Turning & CNC Milling

5. General Agreements

- ❖ Both the parties agree that no action / failure on either behalf to act relating to the above proposal will give raise to / serve as the basis for any claim, obligation or liability on either side.
- ❖ Neither party shall issue any press release, public announcement or other such disclosure concerning this Agreement without the other party's prior consent as to such release or announcement.
- ❖ This Agreement may not be amended without the prior written consent of both the parties.
- ❖ **Termination:** Either party can cancel or terminate this Agreement unilaterally (and without reason), by giving an advanced notice of six (06) months to the other.
- ❖ This Agreement will be effective for **Five years** from the date of signing.

6. **Notices:** All notices, requests and other communications under this Agreement in connection herewith shall be given to or made upon the respective parties as follows:

To M/s. MJ CNC TECHNOLOGIES - PROPRIETOR
To ANITS - PRINCIPAL

IN WITNESS WHEREOF THE parties have set their hands hereto on the day and year first here in above written under this respective seal of office.

Sir,

Sub: **Industrial visit on 20th August 2022** for II/IV (Section-B) Mechanical Engineering Students – Reg.

At the outset, we would like to convey our sincere gratitude for the **Memorandum of Understanding (MOU)**, your industry has signed with our institution. As a part of this understanding, we request your kind permission for industrial visit of our B.Tech Second year Mechanical Engineering students to your industrial concern.

This visit will immensely benefit our students, as they would get an opportunity to practically view the working of CNC machines, which are considered as modern day machine tools for producing high precision jobs with high productivity.

We propose to organize this industrial visit for our B.Tech II/IV Mechanical Engineering Students (section-B) on 20th August 2022 as per your convenience. We therefore request you to kindly accord your permission for **Seventy (70)** students along with **Two (2)** faculty members to visit your esteemed organization.

Thanking you,

Yours faithfully,

(Dr.K.Sri Rama Krishna)

A Report on Industrial Visit

In order to enhance the practical understanding of CNC machine tools, II/IV B.Tech students were taken on a industrial visit to MJ-CNC Technologies, located at Autonagar, Gajuwaka. Students were given a very clear explanation on various CNC machinery by very well trained personnel. It paved a way for the students to have a fundamental approach to the usage of CNC tools.

The students can further their knowledge based on the inputs received by taking up a long term industrial training in this area.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made on this 01st day of August 2022 at Anil Neerukonda Institute of Technology and Sciences (hereinafter referred to as "MOU")

BY AND BETWEEN

IDP Education India Private Limited, a company incorporated under the provisions of the Companies Act, 1956 (CIN U80903DL2006PTC156354) and having its registered office at 610-616, Sixth Floor, International Trade Tower, New Delhi, 110019 and having its branch offices PAN India (hereinafter referred to as "**IDP India**"), which expression, unless repugnant to the context or meaning thereof, shall mean and include its successors and assigns) of the **FIRST PART**

AND

Anil Neerukonda Institute of Technology and Science, College situated at Tagarapuvalasa, Visakhapatnam, Andhra Pradesh, India (hereinafter referred to as "**Institution**") of the **SECOND PART**

IDP India and Institution are hereafter individually referred to as "Party" and collectively as "Parties", wherever the context so requires.

WHEREAS:

- IDP India is engaged in the field of international education placement services and is a wholly owned subsidiary of IDP Education Limited, headquartered in Australia, a global leader in international education services facilitating international students' study in English speaking countries.
- Institution being committed to educational excellence offers courses in multiple disciplines.
- The Parties are desirous of collaborating with each other for promoting overseas education and therefore enter into this MOU on the terms and conditions appearing hereinafter.

NOW THEREFORE, it is mutually agreed between the Parties as under:

- Objective:** The Parties have mutually agreed to collaborate and work together for the purpose of promoting overseas education amongst the students of Institution.

- Roles and Responsibilities:**

IDP India: IDP India shall:

- Endeavour to conduct education fair within campus of the Institution or virtually as per the dates mutually agreed between the Parties from time to time, where representatives, eminent scholars and professors at international universities IDP India has partnered with will participate, subject to their availability.
- Inviting students of the Institution to education fairs and events organized by IDP India.
- Provide promotional banners/posters to the Institution for marketing of services provided by IDP India and the events organized by it from time to time.

Institution: Institution shall:

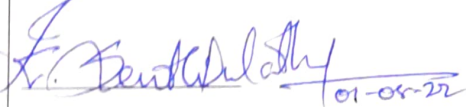

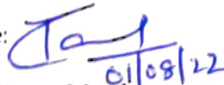

- i) Allow its students to attend the various events/ seminars/fairs etc. conducted by IDP India from time to time.
 - ii) Recommend services of IDP India to its students planning their studies abroad.
 - iii) Permit IDP India to affix its promotional posters/creatives/banners in Institution including its hostel premises.
 - iv) Permit IDP India to use the classrooms/seminar hall from time to time, during post-college hours, for conducting events/ seminars/sessions).
 - v) Permit IDP India to use its auditorium from time to time for large scale programs.
 - vi) Provide necessary facilities such as LCD Projector (if possible), tables and chairs for carrying out events/seminars/sessions etc.
3. **Term:** This MOU shall come into the force from the date of execution and remain valid for a period of three (3) years unless terminated earlier by either Party by giving prior written notice of thirty (30) days to the other Party. After the expiry of the term, this MOU may be extended or renewed upon mutual consultation of the Parties in writing
 4. **Relationship:** The Parties herein are independent entities. This MoU does not create any agency, partnership, joint venture or any other business relationship between the Parties. Detailed report on Career Building Program organized in collaboration with IDP

Education India Pvt. Ltd.

Under the MOU between ANITS and IDP Education India Pvt. Ltd., a Career Building Program was organized for Fourth Year B. Tech Mechanical Engineering students on 16th August 2022 (Tuesday). The program was held with the resource persons drawn from IDP, an internationally reputed organization which has its presence and offers placements in more than 31 countries. This program was organized to bring an awareness on the avenues available for higher studies in foreign universities both in Technical/Management courses. A total number of 260 students had been benefitted through this career guidance program.

THE SECOND PARTY represented herein by **D. Madhukiran – Managing Partner**

PURPOSE OF MOU

In particular, this MOU is intended to

1. Present guest lectures to the faculty and students by the Industry Expert.
2. Industrial visit of ANITS students to the work sites of SSS Balaji Builders.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SETFORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS: .

Clause 1

CO-OPERATION

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations. The parties shall keep each other informed of potential opportunities and share all information that may be relevant to secure additional opportunities for one another.
- 1.2 Both parties believe that close co-operation between the two would be a major benefit to the student community to enhance their skills and knowledge

Clause 2

SCOPE OF THE MOU

- 2.1 Both parties will give valuable inputs in training methodology so that the students fit into the industrial scenario meaningfully.
- 2.2 Both parties will train the students on the emerging technologies by conducting guest lecturers/seminars/webinars in order to bridge the gap in skill and make them ready for industry.

Clause 3

VALIDITY

- 3.1 The validity of the agreement is one year from the date of agreement.
- 3.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

Objective of the visit:

The objective of visit is to make students in depth familiarity and practical knowledge on practises followed at construction site like reinforcement detailing in beams, columns, slab and staircase, provision of stirrups, cover blocks. Also, to aware about the procedure of constructing of sump and septic tanks for apartments.

Apartment Construction Project

What we learn?

On 23rd August 2022, at 9:30 AM, students reached the construction site at Vellanki, Visakhapatnam.

Mr. Madhukiran, managing partner had explained the type, quality and quantity of materials used in the apartment construction. Construction procedure along with building plan and layout is explained.

Technical Details:

Each floor consists of 8 flats with 4 flats of 1025 sq.ft and 4 flats of 1350 sq.ft. Each flat consists of 2 bed rooms, 1 living room, 2 balconies and 1 kitchen. A total of 40 flats with good ventilation and functional design had been done by following principles of planning. 2 staircases and two lifts has been provided in building.

Proper detailing of reinforcements with accurate drawings is necessary at the construction site to maintain perfect construction process. Normally, these drawings comprises of a bar bending schedule. The bar bending schedule defines the length and number, location as well as the shape of the bar.

Reinforcement detailing of a slab is done based on its support conditions. Slab may be supported on walls or beams or columns. Slab supported directly by columns are called flat slab. Slab supported on two sides and bending takes place predominantly in one direction only is called One Way Slab. On the other hand, when slab is supported on all four sides and bending take place in two directions are said to be Two Way Slab. The slabs having ratio of longer length to its shorter length (L_y/L_x) greater than 2 is called one way slab otherwise as two way slab. In one way slab main reinforcement is parallel to shorter direction and the reinforcement parallel to longer direction is called distribution steel. In two way slab main reinforcement is provided along both direction. Slabs could be simply supported, continuous or cantilever. In two way slab the corners may be held down by restraints or may be allowed to lift up. Additional torsion reinforcement is required at corners when it is restrained against uplifting.

Thickness of the slab is decided based on span to depth ratio specified in IS456-2000. Minimum reinforcement is 0.12% for HYSD bars and 0.15% for mild steel bars. The diameter of bar generally used in slabs are: 6 mm, 8 mm, 10 mm, 12mm and 16mm. The maximum diameter of bar used in slab should not exceed 1/8 of the total thickness of slab. Maximum spacing of main bar is restricted to 3 times effective depth or 300 mm whichever is less. For distribution bars the maximum spacing is specified as 5 times the effective depth or 450 mm whichever is less.

Minimum clear cover to reinforcements in slab depends on the durability criteria and this is specified in IS 456-200. Generally 15mm to 20mm cover is provided for the main reinforcements. Alternate main bars can be cranked near support or could be bent at 180° at the edge and then extended at the top inside the slab .

The theoretical procedures employed in the structural analysis of stairs is the concept of an idealised line structure and when detailing the reinforcement for the resulting stairs, additional bars should be included to limit the formation of cracks at the points of high-stress concentration that inevitably occur. Typical detailing of corners (edge between flight and landing) of a staircase

Conclusion:

Students have gained practical knowledge on various reinforcing detailing of various types of structural members. They got awareness on practises used and followed for construction of apartment.

ON
INDUSTRIAL VISIT for 2020-24 admitted batch
(AY:2021-22)**

Name of the Industry : BSNL, Visakhapatnam
Address with : Mr K.Kranthi Kumar
Contact Details : SDE
Telephone Exchange, Velampeta
Port Area, Visakhapatnam,
Andhra Pradesh 530001.
Email-id : kranti.bsnl@gmail.com
Date of Visit : 29-08-2022
Number of students : 206 Students
Industrial Visit coordinator : Mrs G.Gayatri, Assistant Professor, ECE Dept, ANITS.

Objectives of Visit:

To provide students of III/IV B.Tech. I-Semester an opportunity to get awareness of Telecom equipment and working in the networks of telecommunication & internetwork technologies.

Outcomes of Visit:

- Students gained first-hand information regarding the functioning of the industry.
- Students gained exposure towards the current working conditions of BSNL by way of interactions with the staff.

- Provides opportunities to plan organize and engage in active learning experiences both inside and outside the classroom.

Details of the visit:

An Industrial Visit to **BSNL Velampeta, Visakhapatnam** was organized by the Dept. of ECE for **III/IV B.Tech, SEM-I ECE-A, B & C** students on **29/07/2022, Saturday** to provide an Industrial exposure to the students.

All **III/IV ECE students** were accompanied by 4 Faculty members. The students were divided into 4 batches. Accompanied by Ms G.Gayatri Asst Prof, Ms P.Devi asst Prof, Mr Kumar Swami, Mr K.Srinivas on 29/08/2022. The students visited BSNL Installations, Base stations networking process such as INTERNET, Multiplexing of calls, transmission process, transformers etc.. at Velampeta, Visakhapatnam.

Conclusion:

Students gained first-hand information regarding the functioning of the industry & exposure towards the current working conditions of BSNL by way of interactions with the staff. This Industrial visit is very much helpful to the students as they practically viewed the Industrial application of Communication System Engineering courses such as “Cellular & mobile communications”, “Computer networking, web technology, optical fiber communications”.

We are thankful to the Principal for giving permission to organize the industrial visit. We also thank Dr.V.Rajya Lakshmi, Prof & HOD, ECE for providing the necessary transportation and the support for successful completion of industrial visit.

Several Campus Recruitments will be taken place for fresh talent every year.

AND WHEREAS 'ANITS' and 'INOVMAC' recognize the respective strengths of the two organizations and accordingly agree to cooperate in the development of technologies and their successful transfer to industry for commercial exploitation and socio-economic benefits.

Now therefore, in consideration of the premises and mutual covenants hereinafter contained, the parties hereto agree as follow:

1. Subject to the conditions hereinafter contained 'ANITS' agrees to assign its technologies/Know-hows(s) to 'INOVMAC' free from encumbrances and developed by "ANITS" for sole and absolute right of licensing and commercial exploitation by 'INOVMAC'.
2. 'ANITS' also agrees to provide 'INOVMAC/Licensee of 'INOVMAC' as the case may be, technical and engineering know-how relating to such Technology(ies) etc. consisting of documented technical information on the mode of working and using the same by an industry, as may be necessary to commercialize the said technology (ies) and associated patents/designs/copyrights/trademarks etc. by 'INOVMAC' during the currency of this MOA in force.
3. 'ANITS' agrees to provide a demonstration of the technologies which are licensed by INOVMAC to the INOVMAC's licensee(s) at 'ANITS' on the scale at which the technologies have been developed by 'ANITS', within a period of 60days of the date of signing of the licence agreement by the licensee with 'INOVMAC' to familiarize appropriately qualified personnel of the licensee and provide expert assistance to the licensee for implementation of the licensed invention/process/ product/ technology etc.
4. 'INOVMAC' agrees to give publicity to the availability of the technology(ies) assigned to it by 'ANITS' for commercial exploitation and also agrees to generate necessary market data/profiles, prefeasibility, feasibility and project reports, to promote speedy and effective licensing and commercialization of the technology(ies). 'INOVMAC' also agrees to associate the "ANITS" during negotiations for deciding the fee to be charged from the prospective licensees at the time of transfer of technology.
5. In consideration of the assignment, provision of technical information and documentation and technical services as aforesaid by 'ANITS', 'INOVMAC' agrees to remit to 'ANITS' 70% of the entire fees (Lumpsum Premium and Royalty) received by it from the licensees arising from and out of the said commercial exploitation of the technology(ies).The royalties

payable to 'ANITS' shall continue for a fixed period agreed between 'INOVMAC' and the licensee, and 'INOVMAC' will apply its well established and time tested methods of monitoring the extent of exploitation of the Said Technology(ies) to ensure full and effective payment of royalties by the licensee concerned.

6. The premia and the royalty agreed upon by 'INOVMAC' and the licensee and the period of licensing will be finalized jointly by 'INOVMAC' in consultation with 'ANITS'.
7. In view of the cooperation provided for under this MoA, 'INOVMAC' agrees to advise 'ANITS' and render all possible assistance to 'ANITS' in the filing of patent applications (both in India and abroad) on technology (ies)), which 'ANITS' assigns or proposes to assign to 'INOVMAC' for licensing on the understanding that when the said patents are granted, 'ANITS' would assign those patents to 'INOVMAC' for commercial exploitation. All the expenses in obtaining the patent(s)/ design(s)/copyright(s)/trademark(s) etc. and maintaining in India on the invention(s)/process(es)/technology(ies) etc assigned to INOVMAC shall be borne by 'ANITS'.
8. In consideration of the covenants contained in the MoA, the 'ANITS' hereby agrees to keep indemnified the INOVMAC and its successors, executors, administrators, licensee(s)and legal representatives at all the times against all possible claims or demands, damages or any action or proceedings commenced by the ANITS or any person or persons through ANITS or against the ANITS or the INOVMAC before court, Tribunal or fora. All costs/legal expenses that may arise from such proceeding shall be borne by the ANITS.
9. 'INOVMAC' after due consultation with ANITS on case basis, hereby agrees, in case of revocation proceedings against a patent assigned to it by ANITS to protect technologies and in such a case, expenses will be shared in the same ratio of the revenue sharing i.e. 30:70 between the "INOVMAC" and ANITS.
10. 'INOVMAC' agrees to take all measures in its control to oppose Indian Patent/design/trademark application(s) filed by other parties which application(s) may be detrimental to the invention/ process/ product/ technology etc. assigned to 'INOVMAC' by 'ANITS' and 'ANITS' agrees to provide 'INOVMAC' all assistance in this regard. The cost involved shall be borne by 'ANITS'.

11. In the event of any of the aforesaid IPR(s) assigned to 'INOVMAC' being infringed and 'INOVMAC' initiating or instituting any legal proceedings, after due consultation with 'ANITS', to prevent such infringement, 'ANITS' agrees, if so required by 'INOVMAC', to render all assistance to 'INOVMAC'. The expenses in this regard will be shared in ratio of 50:50 between 'INOVMAC' and 'ANITS'. Similarly, the compensation awarded by the court will also be shared in the ratio of 30:70 by 'INOVMAC' and 'ANITS'.
12. In case 'INOVMAC' does not commercialize the assigned technologies within five years from the date of Assignment with 'ANITS', the parties shall meet and decide on the further course of action and if there are no immediate prospects of commercialization, the assigned technologies shall be reassigned to 'ANITS' and 'INOVMAC' shall not use the information relating to such technologies in any manner whatsoever, thereafter.
13. ANITS shall pay to INOVMAC as per the mutually agreed charges/fees to INOVMAC for all of the consulting services required by ANITS on case to case basis.

The resource person is Mr. B. Raja Kumar, Co-Founder, Inovmac Pvt Ltd. Visakhapatnam. The Webinar was attended by 125 Faculty and Student members of the Information Technology Department. The Speaker was heartily welcomed by Dr. Satish Kumar Patnala, Assistant Professor of the Information Technology Department. The Speaker started his lecture with Start-up culture in INDIA and his own experiences. He delivered several points related to how an innovative idea led to a start-up and the possibility of starting the start-up. A good number of participants from students as well as faculty raised their doubts regarding start-ups and all questions were answered by the resource person. The Head of the Department, Prof. P. Padmaja thanked the resource person for his presentation and thanked for spending his valuable time to guide the young researchers and wished everyone to succeed in their research. The vote of thanks was given by Dr. Satish Kumar Patnala, Assistant Professor of Information Technology Department by mentioning the keynote points of the Resource Person.

Objective: The main objective of the webinar is to develop the start-up culture among students.

Outcome: Students gain some knowledge on importance of tech start-ups and get clarified whether their idea is going to be a star-up or not and financial hurdles.

Event time: 2:00 PM

Platform : Google meet <https://meet.google.com/xna-zaxy-rog>

Summary,

We held an interaction session with Entrepreneur 'Yamini Rapeti' who has a substantial economical business model in the ecological space of waste management.

The interaction started off with how one can get investments from venture capitalists and followed with the journey of her startup. Later, it turned out to be common challenges faced by new age entrepreneurs relevant to any business field.

Then, the speaker explored how startup culture is inculcated among student communities. The first thing for that to happen is to create an environment around oneself such as picking your friends and interaction with existing entrepreneurs and alumni.

The next session dealt with how to approach investors on board and to display excellence and a pilot model of your business in order to set up a proper relation of trust among the founders and investors. The speaker insisted on maintaining a lubricant relation with the investors and flexibility with the execution but not the idea.

Things proceeded with more execution and initial processes of setting up startups and how things work in a real time environment, like how government policies aid the startup and their limitations as one approach apart from venture capitalists.

The speaker insisted on shaping your ideas in such a way that is clear with its objectives.
