REPORT

Fandom is an event conducted based on the movie knowledge in four categories. The four categories are marvel, DC, harry potter and game of thrones. This was conducted on first day of fest i.e., on 26-2-2020. This event consists of two rounds in which the first round is based on 40 marks question paper. 53 members have participated in the first round. After that 12 members are shortlisted (3 members from each category) according to the score they secured in their first round. The contestants shortlisted for second round are as below:

Team No.	Marvel	DC	Harry Potter	Game of Thrones
1.	B.Jagadeshwar	S.Lokesh	N.sai rohit	N.P.S Akhil
2.	B.Chaitanya	Ranjit kumar paul	T.Pooja	Tanmay Daud
3.	S.S Ravi teja	P.Pavan kumar	G.chaitanya	A.Dinesh

In the second round, PPT will be shown and we must identify the character or movie dialogue displayed on the screen. There will be 20 pictures shown. At the end of the round, One team got the least score and the other two teams were tied up with leading score. so to remove the tie between them, we have conducted 8 oral viva questions for the two teams. so at last two teams won the event with first and second positions respectively.

WINNERS:

- 1) B.Chaitanya
- 2) Ranjit kumar paul
- 3) Tanmay Daud
- 4) T.Pooja

RUNNERS:

- 1) S.S Ravi teja
- 2) A.Dinesh
- 3) P.Pavan kumar
- 4) G.chaitanya

ABOUT THE COLLEGE

Anil Neerukonda Institute of Technology and Sciences(A),(ANITS),Visakhapatnam was established in 2001 by Anil Neerukonda Educational Society(ANES). ANES works to promote technical and human values through various educational institutions without any motive for profit. ANITS is located in a plot of 12 acres in Sangivalasa village of Bhemunipatnam mandal nearer to beautiful city of Visakhapatnam. The college is permanently affiliated to Andhra University and is accredited by NAAC, NBA and UGC. From its inception, ANITS has been striving to train young men and women to confident and competent engineers. The college was awarded “Center of Excellence” by Infosys Technologies Ltd. in the year 2011 and “National Employability” in 2014 by Aspiring Minds, New Delhi. The college offers undergraduate and post graduate programs in various disciplines of engineering such as CSE, IT, EEE, ECE, Mechanical, Civil and Chemical. With a unique team of governing body, inspiring management and proficient educators, ANITS continues to march forward with greater zeal and dedication to construct a world class educational institute.

ABOUT THE DEPARTMENT

The Department of Chemical Engineering was started in the year 2012. The Department of Chemical Engineering in ANITS boasts of a very efficient team of faculty. The faculty participate actively in state of the art, research and continuously thrive to update knowledge and skills. The same is imparted to the students in class rooms by conducting workshops, seminars and conferences to craft the next generation of engineers. The department is well equipped with Chemical Engineering laboratories and various equipments for inter disciplinary research in the fields of Biotechnology and Nanotechnology. Modern teaching methodologies are constantly implemented to

foster an improved class room environment. Team work among students is encouraged to inculcate positive work habits and passion to work wisely, creatively and effectively. Till date, the Department had organized National workshops on “Application of Computational Techniques in Chemical and Biochemical Engineering” in 2015, “Environmental Challenges and Strategies” in 2016, “Application of Theory to Process Industry for Engineers” in 2017, “Process Flow and Instrumentation Diagrams” in 2018 and “MATLAB for Engineers” in 2019.

ABOUT THE CONFERENCE

RACE (Rays of ANITS Chemical Engineers), the students association of the Department of Chemical Engineering was started in February 2015 to enhance curricular, co-curricular and extra-curricular activities. Four National student conferences “CHEMFLARE-2k15, CHEMFLARE-2k17, CHEMFLARE-2k18 and CHEMFLARE-2k19” were organized under student body RACE from 2015 to 2019. Now, the department is conducting “CHEMFLARE-2020”, a National student conference in association with the ANITS Student Chapter of Indian Institute of Chemical Engineers and Student body RACE to organize Lectures by experts, Paper presentations by students, Model Presentations, Treasure Hunt, Spot events etc. The areas covered are Separation processes, Reaction engineering, Novel technologies, Modeling and simulation, Energy, Process control, Safety management, Bioprocess engineering and Environmental engineering. Students are invited to participate in paper presentation, elocution, technical quiz and spot events. The authors need to send a soft copy of the abstract through e-mail along with registration form on or before 5th February 2020. The title, abstract and full length paper should not exceed 50 characters, 500 words and 12 pages respectively. (A4 size, double line spacing, Times New Roman and Font size 12).

IMPORTANT DATES

Abstract submission: 5th February 2020
Intimation of acceptance: 7th February 2020
Full length paper submission: 16th February 2020

REGISTRATION FEE: ₹ 300/-

The first round was conducted on 14th February 2020. The first round is an online round where all the participating teams are given two cases to which they have to give their best possible solution.

The cases are as below:

Case 1:

XYZ company is manufacturing chemicals for textile paints and rubber industries both organic and inorganic. From its inception, grades for the chemists who were operating the various plants and for the engineers who were maintaining them were the same, about two or three years ago, the company noticed

that it's engineers were leaving one by one, even the new recruits did not stay for more than a few months, investigations showed that the engineers were getting better offers. The company therefore decided to get new engineers at higher grades. This created inequity between the salaries of chemists with eight to ten years experience and the engineers who had two to three years practical experience after their graduation. The chemists represented to the company that their grades should also be revised. Management explained to them that their company was comparatively small with low profit margin and therefore could not afford to increase everybody's salary. Further engineers were being paid higher salary because their market value at that time was higher. This created dissatisfaction in the chemists ranks and there was a general decline in their initiative and interest. They were also not cooperating with engineers as before and were blaming engineers for recent increase in breakdowns which was resulting in reduced production and profits. On the other hand, engineers were blaming chemists for not taking enough care of machines during day to day operations. Further more some of the engineers finding themselves unable to cope with the increased number of breakdowns were feeling frustrated and were leaving the company.

Analyze the above case and give your suggestion to improve the situation.

Case 2:

Vista Hospital was built four years ago and currently has a workforce of 190 people. The hospital is small, but it is efficient. The management has decided to increase its capacity from 50 to 200 beds. The administrator, Gosh, feels that the major problem with this proposed increase is the hospital will lose its efficiency. "I want to hire people who are just like our current team of personnel-hardworking, dedicated, talented, and able to interact well with patients. If we triple the number of employees, I do not see how it will be possible to maintain our quality of patient care. We are going to lose our family atmosphere. We will be inundated with mediocrity, and we will end up being like every other institution in the local area - large and uncaring." The chairman of the board is also concerned about the effect of hiring such a large number of employees. However he believes that Gosh is over-reacting. "it cannot be hard to find people who like our current staff. There must be a lot of people out there who are just as good. What you need to do is develop a plan of action that will allow you to carefully screen those who will fit into your current organizational culture, and those who will not. It is not going to be as difficult as you believe. Trust me. Everything will work out just fine." As a result of the chairman's comments, Gosh has decided that the most effective way of dealing with the situation is to develop a plan of action. She intends to meet with her administrative group and determine the best way of screening incoming candidates, and then helping those who are hired to become socialized in terms of hospital's culture. Gosh has called a meeting for the day after tomorrow. At that time, she intends to discuss her ideas, get suggestions from her people, and then formulate a plan of action.

1. What can Gosh and her staff do to select the type of entry level candidates they want?
2. How can Gosh ensure that those who are hired come to accept the core cultural values of the hospital? What steps would you recommend?

By the 16th February submissions were closed and by 17th February evening all the responses were studied and a total of 30 teams were shortlisted for the second phase of Business Combat.

Respected Sir

Sub: Request letter to grant permission to conduct some events on the occasion of World Soil Day on 5th December.

I am Harshavardhan, writing this letter on behalf of my team appointed by Dr. Padmaja Mam to seek your permission in regard of conducting three events - Elocution, Poster making and Model making on the occasion of World Soil Day on 5th December.

We are planning to have the events by the end of this week so that we can announce the winners on 5th December. All these events would be conducted under the guidance of Dr. Padmaja Mam and the participants are I/IV B-tech students from CSE, ECE and IT branches. Mam has made a team of 10 students including me for organising these events.

The funding to carry on these events will

be collaborated by all ten of us.

Hope you permit us to conduct these events

Thanking you

Yours Sincerely

Harshwardhan and Team.
