**Report on Activity conducted
On the Eve of WORLD ENVIRONMENT DAY 2022**

On the occasion of **WORLD ENVIRONMENT DAY 2022** a competition was conducted by Departments of Basic Sciences and Humanities for I/IV B.Tech students of all branches with the focal theme "**ONLY ONE EARTH**" - **Living Sustainability in Harmony with Nature** on 5-6-2022.

We are from the environment, the environment is very important for everyone's life, because life on earth is possible only from the environment. All human beings, animals, natural plants, trees and plants, weather, climate are all contained within the environment.

Protecting our environment is the foundation for sustaining our planet, community and economy. Our environment supports and houses our ecosystems, allowing them to grow and thrive. If we fail to protect our environment, we will put the lives of humans, animals, plants and more at risk.

World Environment Day has been a platform for raising awareness on environmental issues such as marine pollution, overpopulation, global warming, sustainable consumption and wildlife crime. The day aims to focus on the importance of the environment and to remind people that nature should not be taken for granted.

A competition i.e short film or video presentation for duration of 2-3 minutes was conducted. Nearly 25 students were registered and presented their short film /video.

Judgement was done basing on three criteria by

Dr.R.RajyaLakshmi, HoD, Department of ECE.

Dr.Md.Sabirunnisa Gouse, Assistant Professor, Dept. of English & Humanities.

Dr.M.Padma Latha, Assistant Professor, Dept. of Chemistry.

Report on NSS EVENT

ANITS-RED CROSS SOCIETY – VANAM-MANAM PROGRAM (WORLD FOREST DAY: 21 MARCH 2022.

DATE: 21 MARCH 2022

PLACE: ANITS COLLEGE PREMISES and ADOPTED VILLAGES

Principal and our organization decided that VANAM-MANAM: plantation Programme.

The objective

We the department of chemistry association with NSS unit of ANITS organised an event as a part of "WORLD FOREST DAY" To create Awareness among the people on some theme, like plantation for clean, healthy Environment mainly to reduce all types of pollutions, to absorb sound, to prevent soil erosion and to maintain aesthetic value for healthy living. The more trees there are, the cleaner the air will be. This is due to the oxygen levels provided by trees that are then provided to other living things, helping us breathe better and cleaner air. They can also filter particulates from the air using their bark and leaves.

Tree plantation is significant because it is linked to our basic need for good food to eat and clean air to breathe. Aside from these necessities, they preserve biodiversity, conserve water, preserve soil, and processing Bio-Geo chemical cycles to maintain Ecological Balance.

Red Cross and Red Crescent Movement is the largest Humanitarian network in the world. Its mission is to alleviate human suffering, protect life and health. Keeping in concern all aspects our NSS team Held this event.

The principal along with Guests from Red Cross I.T Dileep Kumar (D.F.O), K. L. Rao (P.R.O) organised this event successfully. Some Faculty along with Around 300 students were Participated in this event.

REPORT ON NATIONAL SCIENCE DAY CELEBRATIONS

Name of the Competition: "Science Talentio"

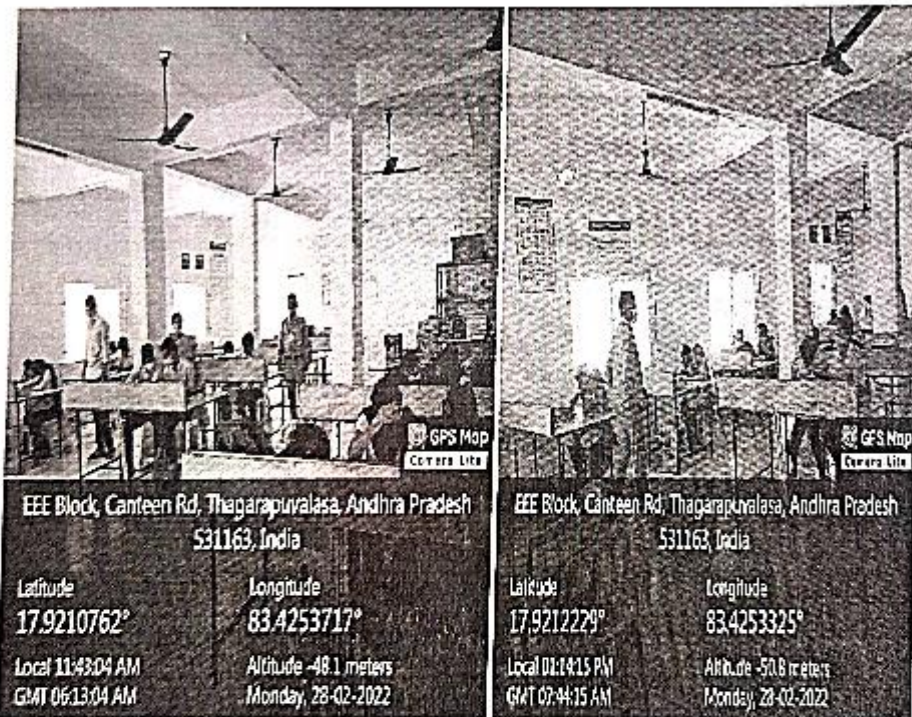

Date of Event: 28-02-2022

Objectives of Event:

To test the knowledge of students on General Science.

Summary:

On the occasion of "National Science day", we planned to test the knowledge of students on General Science to all year students of EEE. A small meeting was organized with selected students of final year (Ch.Sri Harsha (4/4 EEE-A), P.Dinesh Babu (4/4 EEE-B), N. Kcerthi (4/4 EEE-B) and they come out with the idea of organizing a quiz with questions on general science.

Depending on response, decided to organize the quiz in 2 rounds. Total of 40 teams with 80 students have registered for the event. First round was conducted in DEMP lab in

morning session with two groups for half an hour for each group. 25 teams are selected from the first round and second round is conducted in the afternoon session. In that 2 teams are announced as first and second prize on that day.

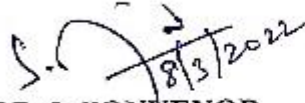

Due to the busy schedule of HOD, prizes are distributed to them on March 7th, 2022 from the hands of HOD with faculty and student coordinators. Students felt very happy as they can reminisce their school days with this quiz and asked for such type of programs to be organized in future.

“STUDENTS AS DYNAMIC LEADERS – PROFESSIONAL & ETHICAL VALUES”

Online GUEST LECTURE BY SRI. V. V. LAKSHMI NARAYANA GARU

The Department of Mechanical Engineering, Anil Neerukonda Institute of Technology and Sciences organized an online guest lecture by V.V. Lakshminarayana V.V. Lakshminarayana Garu, well known as JD Lakshminarayana Retired police officer, and Politician delivered an online Seminar on “The Oration on Student as Dynamic Leaders Professional and Ethical Values” to the students of Anil Neerukonda Institute of Technology and Sciences on 23rd January 2022, based on the occasion of the 125th Birth Anniversary of Netaji Subhash Chandra Bose “Parakram Divas”, Azad ka Amrit Mahotsav (75th Independence Day Celebrations). Prof T.V Hanumantha Rao(Principal, ANITS) and Prof. B. Nagaraju (HOD, Mechanical) welcomed him.

The event started with Nagaraju sir welcoming JD sir and Ch. Shreyesha started the event with her introduction and a ppt has been displayed about the JD sir, later our HOD Nagaraju sir delivered his speech, and then JD delivered his lecture motivating the students. The event has been conducted online in the google meeting where around 570 students along with the faculty joined. As the meet is restricted to only 250 the meeting has been live-streamed. Many others who were enthusiastic followed the lecture through the live stream.

The students who attended the lecture derived much benefit from the Lakshminarayana Sir's views about Students as Dynamic Leaders. He quoted the ANITS moto Pragnanam Brahma. It means Supreme knowledge is Brahma. He explained how a student should be and what does the student need to do to be a dynamic leader. As Sir is also from a mechanical background, he gave guidance and helped the students. His speech is all fact-based about how a student should be focussing and gave us many examples. His speech consisted of his life experiences, students as dynamic leaders ethical values of

The students are very much motivated by the words of the JD sir and wanted to interact with him. The UTOOCAN faculty coordinators G.Naresh, J V Bhanutej monitored as well as help the students in bridging the gap between the students and the JD sir. There is a Q and A session provided where the students who are studying in various years in the department of mechanical asked their curious questions, to which the JD sir answered patiently.

Due to the time factor, many students who were eager and energetic to interact couldn't get the chance to interact with the JD sir.

Students of other branches as well as the Alumni of the Mechanical department joined as well. The event has been conducted under the UTOOCAN student club of the Department. The planning and

execution have been done by MRohit, V Vishnu, and all the members of the UTOOCAN club Yashwanth Ippili. Alumni of the department helped the students in making the event a huge success. In the end vote of thanks has been delivered by K Karthik. All the students of the mechanical department, as well as other departments, gathered and were inspired by the words of the JD sir. Seeing the energetic students, JD sir himself told he would be visiting to interact once the Covid decreases.
