Academic Year 2021-2022

DEPARTMENT OF ELECTRICAL AND ELECTRONIC ENGINEERING

Report of “Eco-friendly Plantation Programme outside ANITS” held on 21/03/2022.

A very auspicious tree plantation programme was organized in the surrounding village of our college to create an awareness regarding climate change and its adverse effect on us. The program started at 11:00 am the guest of honor for this tree plantation programme was the principal of our college Prof. T.V.Hanumantha Rao. some of our staff and students are participated in the plantation programme held in our college and other batch of faculty and students have gone to surrounding villages for plantation programme held on same day. A range of 100 plants were distributed in the college surrounding villages and ask them to plant in their gardens. Me and my colleagues and students planted many plants in the different places of respective villages. The program ended at 4 p.m. and we were all given snacks to eat. By the end of the tree plantation programme, we all were exhausted and wanted to sit under the tree already present in the garden. At 4:30 pm our honourable guest gave a speech on benefits of planting trees, how it helps cleaning the environment and uses of medicinal plants. We as a college pledged to plant as many trees as possible near our areas so as to create a very healthy environment and contribute in minimizing the climatic changes. We hope that everybody plants a tree in their lifetime and contribute in conserving the nature. I thank our principal sir, colleagues and students in supporting us for this noble cause.
